Selection Method	Individual Consultant Selection, following an open national request for expressions of interest, in accordance with the World Bank's Procurement Regulations for IPF Borrowers, Seventh Edition, September 2025.

1. Background and Context

The Government of Nepal, with support from the World Bank, is preparing a project to improve the safety and disaster resilience of selected existing school infrastructure and strengthen institutional systems for long-term, risk-informed planning and implementation of school infrastructure investments.

The project is aligned with Nepal's 16th Development Plan, School Education Sector Plan (SESP), Education in Emergencies and Crisis, School Physical Infrastructure Development and School Safety priorities. It will utilize Rapid Visual Screening (RVS), disaster-risk information, demographic and school-network analysis, and Integrated Education Management Information System (IEMIS) data to support evidence-based investment prioritization.

The project will comprise three major components: (1) Site Assessment and Technical Studies; (2) Strengthening Institutional Readiness; and (3) Project Management and Capacity Building.

The assignment supports the Three-Tier Assessment System comprising: Level-1 — a rapid, digital, risk-informed baseline assessment of all public schools; Level-2 — detailed technical assessment (structural, geotechnical, multi-hazard) of high-risk or priority schools identified through Level-1; and Level-3 — site master planning, technical design, cost estimation and investment/procurement readiness for priority schools.

2. Objectives of the Assignment

The objective of this assignment is for the IEMIS/Education Information System Specialist to lead technical integration of the school infrastructure assessment data with IEMIS, ensuring interoperability and compliance with national education data standards.

Key focus of the assignment: IEMIS integration, data flow design, system interoperability, and education-data standard compliance.

3. Scope of Work

Under the overall guidance of the Team Lead/Coordinator, Team 3, the Consultant shall carry out the following tasks, including but not limited to:

3.1 Data Flow and Integration Design

- Support the Team Lead in designing the data-flow architecture and interoperability protocols between the digital assessment system and IEMIS.

3.2 IEMIS Integration

- Lead technical integration of school infrastructure assessment data with IEMIS, ensuring consistent school/building identifiers and education data standards.
- Coordinate with MoES/DoE IEMIS focal points and service providers on data exchange, mapping and validation.

3.3 Compliance and Data Standards

- Ensure compliance of assessment data structures with national education data standards and EMIS coding conventions.
- Support quality assurance of education-related data fields (enrolment, school codes, administrative units) used across systems.

3.4 Field Support, Testing and Knowledge Transfer

- Support field-level testing and troubleshooting of IEMIS-related data flows during assessment roll-out, and record issues in the support log.
- Provide training to IEMIS focal points on the data exchange process, and document the process.

4. Deliverables and Reporting Schedule

members of Team 3 and, as required, with the other three thematic Technical Teams to ensure integrated, consistent assessment outputs. The Consultant shall submit periodic progress reports summarizing work completed, technical findings, planned activities, and any issues or risks requiring attention.

6. Duration and Level of Effort

The assignment is expected to commence in November 2026 and continue until 15 July 2027, covering the required activities within Government of Nepal fiscal year 2083/84, aligned with the Team 3 integrated work plan. The total level of effort for the IEMIS / Education Information System Specialist is estimated at 6 person-months (132 days with requirement of travel outside Kathmandu Valley for project related activities for approximately 15 days), which may be adjusted within the overall assignment period to meet key milestones.

7. Qualifications and Experience

Education: Bachelor's degree in Information Technology, Computer Science, or a closely related field. A Master's degree is an advantage.

Minimum Professional Experience (required):

- Minimum 3 years of relevant professional experience in education information systems.
- Demonstrated experience in data-flow design, system interoperability and education data standards, including data exchange (APIs, file exchange, data mapping, code list management).
- Experience with school identification or coding systems, and data quality checks on education data.

Advantages:

- Prior direct experience working with Nepal's IEMIS platform and DoE data systems.

General Requirements:

- Excellent written and spoken English and Nepali.
- Applicants shall list comparable assignments, stating the client, period, the applicant's role and a referee who can confirm it.
- No conflict of interest with any current or anticipated bidder, contractor, or consultant under the Project.

8. Selection Method

The Individual Consultant shall be selected on the basis of qualifications and experience, following the Open – National market approach as approved in the Procurement Plan. The selection will be based in accordance with Individual Consultant Selection method, set out in the World Bank's Procurement Regulations for IPF Borrowers (Seventh Edition, September 2025).

9. Code of Conduct and Conflict of Interest

The Consultant shall perform the assignment with the highest standards of professional integrity, impartiality and accountability, with primary consideration for the safety, dignity and well-being of school children and other users of school facilities. The Consultant shall maintain confidentiality of all school, assessment and personal information obtained during the assignment and shall not disclose or use such information for unauthorized purposes. The Consultant shall avoid any actual, potential or perceived conflict of interest and shall immediately disclose any such conflict to the Department of Education. The Consultant shall comply with applicable Government of Nepal requirements and the Department of Education's Code of Conduct.
