

INFORMATION ON DNA PROFILING FOR UNIDENTIFIED DEAD BODIES

मिति २०८३।०५।१० गते रसुवाको भोटेकोशी नदीमा आएको बाढीका कारण आफन्तजन फेला नपरी हराईरहेका नेपाली तथा बिदेशी नागरीकहरुले DNA परिक्षण मार्फत फेला परेका शव तथा शरिरका कुनै अंग वा भाग एकिन गर्न अनुरोध गरेमा सबैभन्दा नजिकको रगतको नाता (First Degree Relative) बाबु, आमा, छोरा वा छोरी मध्ये कोहि एक जनाको नमुना (Fresh Blood) संकलनको लागि २ प्रति पासपोर्ट साईजको फोटो सहित नेपाल प्रहरी अस्पताल महाराजगंज, प्याथोलोजि ल्याब, काठमाण्डौ वा नजिकको जिल्ला प्रहरी कार्यालयमा सम्पर्क राख्न अनुरोध छ।

विदेशमा रहेका व्यक्तिको हकमा, बाबु, आमा, छोरा र छोरी (First Degree Relation) मध्ये कोही १ जनाको विदेशमा नै DNA Profiling Autosomal STR DNA profiling गरी तुलना (Comparison) को लागि DNA Profile को Softcopy नेपाल प्रहरीको आधिकारिक ईमेल: dnacodis@nepalpolice.gov.np मा पठाउने व्यवस्था गर्नहुन अनुरोध गरिएको छ।

Following the Bhote Koshi River flood in Rasuwa on 26 August 2026, DNA testing is being facilitated to identify recovered bodies or body parts of missing Nepalese and Foreign nationals.

1. Relatives in Nepal:

A first-degree relative (father, mother, son, or daughter) of a missing person is requested to provide a fresh blood sample for DNA profiling (Autosomal STR DNA profiling) and two passport-sized photographs at the Pathology Laboratory, Nepal Police Hospital, Maharajgunj, Kathmandu, or Contact to the nearest District Police Office.

2. Relatives abroad:

A first-degree relative (father, mother, son, or daughter) is requested to undergo DNA profiling (Autosomal STR DNA profiling) at an authorized laboratory in their own country of residence and send a soft copy of the DNA profile to Nepal Police's official email address: dnacodis@nepalpolice.gov.np for comparison purposes.

Public Notice For International Relatives

For families living outside Nepal whose relative is missing in the Bhotekoshi Flood Disaster 2026, Nepal

Who should give the DNA sample

Please choose the closest available blood relative of the missing person, using this order:

First choice	Mother, father, son or daughter of the missing person.
Second choice	Real brother or real sister (born from same mother and father).
Third choice	If none of the above are available, another blood relative from the same family — for example, father's brother, or a brother or sister who shares only one parent.
Please note: A husband, wife, adopted family member, step-relative or in-law cannot be used, because they do not share DNA with the missing person.	

What to ask the laboratory for

Please take your sample at a Government forensic science laboratory, or at a private laboratory that holds required authorisation in your country.

Please show the table below to the laboratory. These are technical terms that laboratory staff will understand.

Sample Donor	Type of DNA profile Required
Male donor who is parent or offspring of the missing person	1. Autosomal STR profile, covering at least 20 CODIS core STR loci . 2. Y-STR profile
A male donor who has paternal lineage (father side relation like cousin, uncle etc.)	1. Y-STR profile only
Female donor who is parent or offsprings of the missing person	1. Autosomal STR profile, covering at least 20 CODIS core STR loci . 2. X-STR profile
A female donor who has maternal lineage (mother side relation like sister, mother etc.)	1. X-STR profile only

What to send us

1. The DNA report must include:

- Electropherogram (EPG) with maker table in PDF
- XML format
- CMF format

It must be on the laboratory's official letterhead containing the relationship information between the donor and claimed missing person, duly signed.

2. **A copy of your photo identity document** (passport, national identity card or similar).
3. **A signed consent letter** allowing your DNA profile to be used only for identifying the missing person mentioning the relation of the donor with the missing person.

How to send it

Send scanned copies of all the above by email to: dnacodis@nepalpolice.gov.np

Note: Your DNA information will be kept strictly confidential, used only to identify your missing relative, and will not be used or stored for any other purpose.
