

Collection of objective questions and answers for the written examination for driving licenses of category-B

(Car, Jeep, Delivery Van)

Revision Fiscal Year 2082/2083

Government of Nepal

Ministry of Physical Infrastructure and Transport

Department of Transport Management

Our Statement

In order to simplify, organize, and make the driving license acquisition process easier, and to provide better services to service seekers, it has been deemed necessary to simplify the examination system regarding driving license. According to the provisions in Section 49 of the Motor Vehicle and Transport Management Act, 2049 (1992), the Ministry of Physical Infrastructure and Transport (Ministry of Infrastructure development) provided consent on 2077/12/6 B.S. to make the examination process for obtaining a driving license more objective and systematic.

In line with that, the Department of Transport Management implemented the "Driving License Examination Operating Procedure Guidelines, 2077" (for Category 'A' – Motorcycle/Scooter/Moped and Category 'B' – Car/Jeep/Delivery Van) starting from 1st Jestha 2078 B.S.

As per the provisions included in the same guidelines, a collection of 500 objective questions was published on the Department's website in the former fiscal year to make the written examination for the above categories more effective and to sensitize the transport policy to public by mandatory learning for examinations. Out of the questions included in this collection, 25 questions will be asked in the written examination, ensuring representation from all subject areas. Candidates scoring 60% or above will be considered as passed.

The practical examination will include the stages as specified by the guidelines. Candidates scoring 70% or more (depends on the TMO's Policy and Provincial Law as well) in this exam will be considered as passed. To ensure that only competent individuals pass, some parts of the practical test have been made easier, while some stages have been made mandatory.

The guidelines received approval from the Government of Nepal, Ministry of Physical Infrastructure and Transport by the ministerial level decision on 2078/03/08 B.S. and were first amended by the Department on 2078/04/07 B.S.

Incorporating the revised provisions, this new and updated question collection has been published by further refining the one released last year. It is believed that this will help service seekers to more easily access this vital service under transport services for the obtaining of a driving license.

Written Examination Questions for Category "B" Driving License

1. Knowledge Related to Vehicle Operation

Q.N.	Question	Correct Answer			
		A	B	C	D
1.	Who should be given priority at a zebra crossing? (a) bus (b) auto-rickshaw (c) truck (d) pedestrian				✓
2.	How can you tell that the speed of the vehicle in front is decreasing? (a) from the brake light (b) from the driver's hand signal (c) less smoke from the silencer (d) None of the above	✓			
3.	Among the following, who should be given priority while crossing the road? (a) School children (b) Physically disabled persons (c) Elderly citizens (d) All of the above				✓
4.	What type of vehicle should be given the highest priority on the road? (a) VVIP vehicles (b) Fire truck (c) Ambulance (d) All of the above				✓
5.	What should be done to overtake the vehicle in front? (a) Signal by flashing headlight (b) Signal by honking (c) Signal using indicator (d) All of the above				✓
6.	On which side is driving done in Nepal? (a) Right side (b) Left side (c) Any side (d) None of the above		✓		
7.	Which is considered an emergency vehicle? (a) Ambulance (b) Fire truck (c) Both (a) and (b) (d) None of the above			✓	
8.	What should you do if an ambulance is behind your vehicle? (a) Stop the vehicle (b) Give way (c) Increase speed (d) Overtake		✓		
9.	On what type of road is it most dangerous if the brakes fail? (a) Uphill road (b) Downhill road (c) Flat road (d) Dirt road		✓		
10.	What are the responsibilities of a vehicle driver among the following? (a) Drive safely (b) Follow lane discipline (c) Drive according to traffic signals (d). All of the above				✓

Q.N.	Question	Correct Answer			
		A	B	C	D
11.	What should a driver do in case of traffic congestion? (a) Drive on the footpath (b) Cross lanes to move ahead (c) Be patient and drive slowly in your lane (d) None of the above			✓	
12.	Which of the following should not be done while driving? (a) Talking on the phone (b) Driving over the speed limit (c) Ignoring traffic lights (d) All of the above				✓
13.	Where should public vehicle drivers pick up and drop off passengers? (a) At bus stops (b) In the middle of the road (c) Wherever there are passengers (d) Wherever the passenger says	✓			
14.	On which side should slow-moving vehicles drive in Nepal? (a) Middle of the road (b) Right side/ from the frost track (c) Left side/ from the service track (d) Any side the driver prefers			✓	
15.	What does the foot control in a manual four-wheeled vehicle do? (a) Clutch (b) Brake (c) Accelerator (d) All of the above				✓
16.	Which vehicle should be given priority? (a) Vehicle going uphill (b) Vehicle on flat road (c) Vehicle going downhill (d) All of the above	✓			
17.	When can you use high beams while driving at night? (a) In the city (b) When there is a vehicle in front (c) On an empty road (d) Everywhere			✓	
18.	Under which conditions should you not drive a vehicle? (a) Under the influence of alcohol (b) Night blindness (c) Physically impaired (unable to use hands/feet) (d) All of the above				✓
19.	What does the oil pressure gauge indicate in a vehicle? (a) Diesel level (b) Engine oil status (c) Water level (d) Petrol level		✓		
20.	When should you wear a seatbelt? (a) While riding in the vehicle (b) Only when a police officer is seen (c) When driving downhill (d) When driving uphill	✓			
21.	While driving on the road, which vehicle should be given first priority? (a) Car (b) Motorcycle			✓	

Q.N.	Question	Correct Answer			
		A	B	C	D
	(c) Ambulance (d) All of the above				
22.	What should be done to allow the vehicle behind to go ahead? (a) Give a hand signal (b) Turn on side indicators (c) Both a and b (d) None			✓	
23.	How should one drive in an area with a designated speed limit? (a) Ignore the speed (b) Drive only within the speed limit (c) Slow down only when traffic police are seen (d) None of the above		✓		
24.	What is the main function of the left hand in a four-wheeled vehicle? (A) To apply the brake (B) To hold the steering wheel (C) To operate the handbrake (D) All of the above			✓	
25.	What should you do if your car skids while braking? (a) Brake harder (b) Release the steering (c) Release the brakes slowly and control (d) Turn off the engine Your			✓	
26.	What should you do while turning the vehicle? (A) Turn on the indicator (B) Reduce speed (C) Check the rearview mirror (D) All of the above				✓
27.	Why is the risk of accidents higher at night than during the day? (A) Due to high speed and low visibility (B) Due to potholes (C) Due to brake failure (D) None of the above	✓			
28.	In a manual vehicle, what must be done to increase or decrease speed? (A) Change gear (B) Adjust accelerator (C) Both a and b (D) None			✓	
29.	What are the effects of holding the brake for a long time? (A) Saves fuel (B) The brakes may overheat and not work (C) The vehicle stops faster (D) No effect		✓		
30.	What is the appropriate action to take if a tire suddenly bursts while driving? (A) Immediately apply hard brakes (B) Hold the steering wheel firmly and slowly slow down (C) Abandon the vehicle (D) Accelerate rapidly		✓		
31.	What does "Patke Bato Ijajat" (temporary road permit) mean? (A) Driving only on authorized roads (B) Temporary permit to drive on unauthorized roads (C) Permission to drive on local roads (D) Permission to drive repeatedly		✓		

Q.N.	Question	Correct Answer			
		A	B	C	D
32.	Which document is necessary to drive a vehicle? (A) Citizenship certificate (B) Driving license (C) Educational qualification (D) None		✓		
33.	What is the main function of the Battery Management System (BMS) in an electric vehicle? (A) Driving the motor (B) Controlling the temperature, voltage and safety of the battery (C) Controlling the brakes (D) Steering		✓		
34.	How should one behave when stopped by traffic police for a violation? (A) Argue saying it's not your fault (B) Run away from the police (C) Present yourself in a disciplined manner (D) Call other drivers as witnesses			✓

36.	How should lights be used while driving at night? (A) Use only high beam (B) Use a low beam (C) Use the horn continuously (D) Drive without lights		✓		
37.	Who is referred to as a "Conductor"? (A) The driver (B) Licensed person (C) Assistant working in the vehicle (D) None of the above			✓	
38.	What does the 'L' marked on a vehicle indicate? (A) Government vehicle (B) Learner's vehicle (C) Diplomatic vehicle (D) Public vehicle		✓		
39.	Which places are prohibited for stopping or parking a vehicle? (A) Zebra crossing (B) Clear way (C) Where "No Parking" signs or continuous yellow lines exist (D) All of the above				✓
40.	What is the purpose of using a rearview (looking) mirror? (A) While overtaking (B) While reversing (C) While making a U-turn (D) All of the above				✓
41.	Which of the following should be considered while driving a vehicle? (A) Vehicle condition (B) Road condition (C) Weather condition (D) All of the above				✓
42.	What should be done for safe travel? (A) Follow traffic rules (B) Drive recklessly (C) Drive at high speed (D) All of the above	✓			

Q.N.	Question	Correct Answer			
		A	B	C	D
43.	What should be done if you can't see anything ahead while driving in the rain? (A) Frequently turn on the wiper (B) Increase speed (C) Stop the vehicle (D) Use the horn	✓			
44.	Which gear is best for parking on a downhill road? (A) First gear (B) Neutral (C) Reverse gear (D) Fifth gear	✓			
45.	In what condition is overtaking not allowed? (A) Open road (B) On bridges, bends and dark places (C) Straight road (D) Near a parked vehicle		✓		
46.	In which situations should a vehicle be stopped? (A) When the traffic light signals to stop (B) Where there are pedestrians at a zebra crossing (C) When the traffic police signal to stop (D) All of the above				✓
47.	Where vehicle taxes must be paid? (A) Inland Revenue Office (B) Customs Office (C) Transportation Management Office (D) Excise Office			✓	
48.	What does it mean to have an 'L' sign on a vehicle? (a) Government vehicle (b) Learner's vehicle (c) Long distance vehicle (d) Local route vehicle		✓		
49.	Apart from the driving license, which other document is mandatory to carry while driving a vehicle? (a) Citizenship (b) Vehicle registration certificate (blue book) (c) Driving center certificate (d) Passport		✓		
50.	What is it called when a vehicle is registered in the name of two or more people? (A) Vehicle registration (B) Joint vehicle registration (C) Buying and selling a vehicle (D) Vehicle ownership		✓		
51.	What is the color of the Blue Book? (A) Black (B) Red (C) Blue (D) Yellow			✓	
52.	How can the battery of an electric vehicle be charged? (A) By taking it to the Electricity Authority (B) By taking it to a charging station (C) Using household electricity (D) Both (B) and (C)				✓
53.	Which vehicle is used to extinguish fires? (A) Fire truck (B) Ambulance (C) Hearse (D) Taxi	✓			
54.	A person with what kind of color vision deficiency cannot obtain a driver's license? (A) Red (B) Green (C) Yellow (D) All of the above				✓
55.	What is an embossed number plate? (A) Plate with numbers painted using enamel			✓	

Q.N.	Question	Correct Answer			
		A	B	C	D
	(B) Plate with indented numbers (C) Aluminum plate embedded with a security system and embossed numbers and letters (D) All of the above				
56.	What is meant by first aid? (A) Rushing the patient to the hospital immediately (B) Applying ointment/bandage to minor injuries (C) Calling a doctor if one is not available (D) All of the above		✓		
57.	Which vehicle has the highest registration number in Nepal? (A) Car (B) Bus (C) Motorcycle (D) E-Rickshaw			✓	
58.	Which of the following vehicles does not need to be registered? (A) Electric bicycle (B) Pedal-assisted electric bicycle (C) Electric scooter (D) Electric motorcycle		✓		
59.	What happens if you change the color of your vehicle without getting permission from the Transport Management Office? (A) It's good (B) The vehicle looks clean (C) It increases unnecessary expenses (D) A fine is imposed according to the law				✓
60.	The hand brake in a small four-wheeled vehicle acts on which wheels? (A) Rear wheels (B) Both front and rear wheels (C) Front wheels (D) None of the above	✓			
61.	What is the function of the accelerator? (A) To drive in top gear (B) To increase the vehicle's speed (C) To maintain air pressure (D) None of the above		✓		
62.	Why is a driver's license necessary? (A) To drive a vehicle (B) To purchase a vehicle (C) To buy/sell a vehicle (D) None of the above	✓			
63.	What is a vehicle registration certificate? (A) A certificate containing full details of the vehicle (B) A permit to drive a vehicle (C) A certificate authorizing the operation of a vehicle (D) None of the above	✓			
64.	Where should horns not be used? (A) In school zones (B) In hospital zones (C) At zebra crossings (D) All of the above				✓
65.	What documents must be submitted when applying for a duplicate driver's license after losing it? (A) Application with recommendation from traffic police and fee (B) Recommendation from ward office (C) Recommendation from the District Administration Office (D) All of the above	✓			

Q.N.	Question	Correct Answer			
		A	B	C	D
66.	In which of the following conditions is one not eligible to obtain a driver's license? (A) Vision problems (B) Night blindness (C) A limb that is permanently or due to illness unable to move (D) All of the above				✓
67.	Which office is responsible for renewing a driver's license? (A) Traffic Police Office (B) Driving Test Office (C) Transport Management Office (D) All of the above			✓	
68.	Which authority issues the roadworthiness certificate for public vehicles before they are allowed to operate? (A) District Administration Office (B) Traffic Police Office (C) Transport Management Office (D) All of the above			✓	
69.	Which vehicle cannot be operated without a route permit? (A) Private vehicle (B) Government vehicle (C) Public transport vehicle (D) Diplomatic vehicle			✓	
70.	Which office has the authority to change vehicle speed limits? (A) Traffic Police Office (B) Transport Management Office (C) Department of Transport Management (D) All of the above			✓	
71.	What should a driver do if the road ahead is not visible at a curve? (A) Increase speed (B) Blow the horn and continue (C) Reduce speed and take necessary precautions (D) Guess what might be ahead			✓	
72.	How should you signal to the vehicle ahead to overtake at night? (a) Ignore the vehicle ahead (b) Signal with a flashlight and horn (c) Signal to the vehicle ahead with your hand (d) All of the above		✓		
73.	What are the responsibilities of a driver in case of an accident? (a) Not removing the vehicle or parts from the road (b) Informing police on 100 or 103 on time (c) Sending injured persons to hospital immediately (d) All of the above				✓
74.	How should you start your four-wheeled vehicle? (a) By checking the gear (b) By applying the brake (c) By checking fuel (d) By checking engine oil	✓			
75.	Who should give way first between small and large vehicles? (a) Oncoming vehicle (b) Small vehicle (c) Large vehicle (d) All of the above			✓	

Q.N.	Question	Correct Answer			
		A	B	C	D
76.	Why should gears be changed? (a) To increase speed (b) To reduce speed (c) To blow horn (d) Both (a) and (b)				✓
77.	What should you do when a vehicle behind is trying to overtake you? (a) Slow down and give way (b) Increase speed (c) Ignore it (d) None of the above	✓			
78.	What signal should be given when starting and moving your vehicle? (a) Turn on the headlight (b) Turn on right indicator (c) Turn on left indicator (d) Turn on emergency lights		✓		
79.	Where should vehicle speed be reduced? (a) School zones (b) Intersections (c) Densely populated areas (d) All of the above				✓
80.	On what type of road is public transport not allowed? (a) Unpaved roads (b) Gravel roads (c) Roads without a designated route (d) Hilly roads			✓	
81.	Which of the following is not considered heavy equipment? (a) Dozer (b) Minibus (c) Loader (d) Mobile crane		✓		
82.	When was the first vehicle introduced in Nepal? (a) 1958 B.S. (b) 2021 B.S. (c) 2000 B.S. (d) 2049 B.S.	✓			
83.	What is the color of fog lights? (a) Red (b) Yellow (c) Green (d) Blue		✓		
84.	Why is "Ambulance" written in reverse on the front of an ambulance? (a) So that vehicles in front can read it correctly in their rear-view	✓			

Q.N.	Question	Correct Answer			
		A	B	C	D
	mirror (b) Just a trend (c) To look different from others (d) None of the above				
85.	How should a vehicle be stopped on an uphill road? (a) By applying handbrake (b) Putting it in neutral (c) Turning on the headlights (d) All of the above	✓			
86.	What is the first required certificate to obtain a driver's license in Nepal for a citizen? (a) Certificate from a driving school (b) Health check-up certificate (c) Nepali citizenship certificate (d) Academic qualification certificate			✓	
87.	What is the process of transferring a vehicle registered in one transport office to another called? (a) Transfer registration (b) Renewal (c) Re-registration (d) Other zone registration	✓			
88.	Who is responsible for ensuring fairness in the driving license exam? (a) Transport Management Office (b) Examinees (c) Traffic Police (d) All of the above				✓
89.	What is referred to as "peak hours" during driving? (a) Morning (b) Evening (c) One hour before and after office open/close (d) Tea time			✓	
90.	For which vehicle is third-party insurance mandatory? (a) Rental buses and trucks (b) Motorcycles (c) Private cars (d) All of the above				✓
91.	Who is the chairman of the driver's license examination committee? (a) Head of Transport Management Office (b) Head of Department of Transport Management (c) Chief of Traffic Police Office (d) Head of Driving Training Center	✓			

Q.N.	Question	Correct Answer			
		A	B	C	D
92.	Who is covered by third-party insurance? (a) Passengers (b) Pedestrians (c) Vehicle (d) Driver		✓		
93.	In which cases can the traffic police take action? (a) Driving in the wrong lane (b) Driving over the speed limit (c) Disobeying traffic signals (d) All of the above				✓
94.	From which side should passengers get off after the vehicle stops? (a) Left (b) Right (c) Back (d) Front	✓			
95.	When can a duplicate driving license be obtained? (a) If lost (b) If damaged (c) If stolen (d) All of the above				✓
96.	What should you do if you find someone else's driving license? (a) Use it yourself (b) Take it home (c) Submit it to the police (d) Ignore it			✓	
97.	Which vehicle does not require a route permit? (a) Motorcycle (b) Public truck (c) Public jeep (d) Public bus	✓			
98.	Which is the first responsible body to regulate vehicle movement? (a) District Administration Office (b) Department of Transport Management (c) District Police Office (d) Traffic Police Office				✓
99.	What is the maximum speed limit prescribed for a van and pickup vehicle? (a) 50 km/h (b) 60 km/h (c) 70 km/h (d) 80 km/h				✓
100.	When was the Department of Transport Management established? (a) 2051 B.S. (b) 2041 B.S. (c) 2052 B.S. (d) 2042 B.S.		✓		
101.	What should be considered while driving in the rain? (a) Brakes may not work (b) Vehicle may skid (c) Maintain distance from the vehicle ahead (d) All of the above				✓
102.	Which type of public vehicles cannot be transferred to another owner (name transfer)? (a) Vehicles that have completed and exceeded 20 years from the year of manufacture. (b) Vehicles that have completed and exceeded 15 years from the year of manufacture.	✓			

Q.N.	Question	Correct Answer			
		A	B	C	D
	(c) Vehicles that have completed and exceeded 5 years from the year of manufacture. (d) Vehicles that have completed and exceeded 10 years from the year of manufacture.				
103.	What must be done if a vehicle already registered once through auction is auctioned again? (a) Just auction it (b) Drive without registering (c) Scrap the vehicle as per rules (d) Register the auction as per rules			✓	
104.	After how many hours must long-distance public passenger vehicles must take a break? (a) Every 3 hours (b) Every 4 hours (c) Every 2 hours (d) Every 1 hour		✓		
105.	From which office is a driver's license renewed? (a) Transport Management Office (b) Department of Transport Management (c) Vehicle Testing Office (d) Traffic Police Office	✓			
106.	What are unsafe places to overtake? (a) Where a continuous (solid) road line extends for a long distance and does not end. (b) A narrow road. (c) Where there is a No Overtaking sign. (d) All of the above.			✓	
107.	Which vehicles are exempt from vehicle tax? (a) Government vehicles (b) Institutional vehicles (c) Diplomatic vehicles (d) All of the above			✓	
108.	What should you do if the engine block of a vehicle breaks? (a) Go to a workshop and replace it (b) Replace it with approval from the Transport Management Office (c) Use a block from an old vehicle (d) Replace it immediately from the market		✓		
109.	In a vehicle equipped with a Hydraulic Brake system, if the brake pedal feels (very spongy) compresses like rubber but the brakes do not work effectively when pressed, what is the main cause? (a) Because the brake pads are new. (b) Because air has entered the brake pipeline (brake lines). (c) Because the wheel alignment of the vehicle is incorrect. (d) Because the tires have excessive air pressure.		✓		

Q.N.	Question	Correct Answer			
		A	B	C	D
110.	What test must be passed to convert a foreign driver's license as per the Motor Vehicle and Transport Management Act, 2049? (a) Written (b) Oral (c) Practical (d) None				✓
111.	What is the provision in Nepal regarding international driving permits? (a) Automatically invalid (b) Valid throughout Nepal (c) Valid only in Kathmandu Valley (d) None of the above		✓		
112.	According to the new amended provision, what will be the renewal period of a driver's license? (a) 5 years (b) 10 years (c) 15 years (d) All of the above		✓		
113.	Which light should turn on while turning a vehicle? (a) Brake light (b) Side light (c) Fog light (d) Headlight		✓		
114.	Where should a vehicle stop at a red light or traffic signal? (a) On the zebra crossing (b) In the left lane (c) Before the stop line (d) On the white or yellow line			✓	
115.	What can happen if a vehicle's fuel system leaks? (a) Mileage increases (b) Pollution decreases (c) Risk of fire and pollution (d) All of the above			✓	
116.	Which vehicles can be renewed for up to 5 years at once by an authorized officer? (a) Government vehicles (b) Public enterprise and diplomatic vehicles (c) Private vehicles (d) All of the above			✓	
117.	What type of vehicle is a fire truck? (a) Passenger vehicle (b) Goods vehicle (c) Hearse (d) Fire control vehicle				✓
118.	What happens if the accelerator is pressed continuously while driving? (a) Vehicle will be damaged (b) Traffic police may fine (c) Vehicle speed increases (d) All of the above			✓	

Q.N.	Question	Correct Answer			
		A	B	C	D
119.	Under which authority do Transport Management Offices operate? (a) Department of Transport Management (b) Provincial Ministry related to Transport (c) Under the federal government (d) None of the above		✓		
120.	When should greater distance be maintained between vehicles? (a) On wide roads (b) when it is sunny (c) On flat roads (d) When it's foggy, misty, or rainy				✓
121.	What should not be done while driving? (a) Talking on the phone (b) Drinking alcohol (c) Overtaking recklessly (d) All of the above				✓
122.	From where should pedestrians cross the road? (a) Any preferred place (b) Prohibited crossing areas (c) Where there are no traffic signals (d) Zebra crossing				✓
123.	What is the duty of a driver? (a) Collecting fare (b) Driving after checking the vehicle's condition (c) Stopping vehicle recklessly on roads (d) All of the above		✓		
124.	What should be done while driving in urban areas? (a) Limit speed (b) Increase speed (c) Stop the vehicle (d) None of the above	✓			
125.	What is mandatory while driving? (a) Wearing a seatbelt (b) Wearing glasses (c) Wearing a jacket (d) All of the above	✓			
126.	What does "vehicle security" mean? (a) Parking on the road (b) Putting the vehicle in neutral (c) Locking the vehicle (d) Parking on a slope			✓	
127.	Why do vehicle brakes fail? (a) Overheating brakes (b) Brake pipe bursting (c) Lack of brake oil (d) All of the above				✓
128.	What does a line drawn in the center of the road indicate? (a) No racing (b) Lane separation (c) No road crossing (d) No overtaking		✓		
129.	Where should the vehicle registration certificate (bluebook) be kept? (a) At home (b) With the driver (c) In the office (d) With the vehicle owner		✓		

Q.N.	Question	Correct Answer			
		A	B	C	D
130.	When is the side indicator turned on? (a) While changing lanes (b) While overtaking (c) While parking the vehicle (d) Both (a) and (b)				✓

2. Knowledge Regarding Vehicle Acts and Rules

Q.N.	Question	Correct Answer			
		A	B	C	D
131.	Within how many days must the loss of a driver's license be reported? (A) 7 days (B) 15 days (C) 1 month (D) 2 months	✓			
132.	How long after expiry can a driver's license be renewed without incurring a fine? (A) 30 days (B) 90 days (C) 60 days (D) 150 days		✓		
133.	What is the minimum age requirement to obtain a car/jeep driver's license? (A) 16 years (B) 17 years (C) 18 years (D) 20 years			✓	
134.	After how many violations of driver conditions can the license be suspended? (A) 3 times (B) 4 times (C) 5 times (D) 6 times			✓	
135.	After how many years of holding a car or jeep license, can a person apply for a heavy vehicle license? (A) 1 year (B) 2 years (C) 3 years (D) 4 years		✓		
136.	Which office handles vehicle ownership transfers? (A) Traffic Police Office (B) District Police Office (C) Transport Management Office (D) None of the above			✓	
137.	What is the maximum speed limit in densely populated areas? (A) 40 km/h (B) 50 km/h (C) 60 km/h (D) 70 km/h	✓			
138.	What happens if a driver violates traffic rules more than five times during the probationary period? (a) The permanent driving license is issued immediately. (b) The driver's license is not converted into a permanent license. (c) No action is taken. (d) The vehicle is confiscated.		✓		
139.	After how long does a probationary driver's license become permanent? (A) 6 months (B) 1 year (C) 2 years (D) None of the above		✓		
140.	If a driver's address changes, within how many days must the concerned office be notified? (A) Within 7 days (B) Within 15 days (C) Within 1 month (D) Within 45 days			✓	
141.	How many seats are reserved for women in public vehicles? (A) 2 seats (B) 3 seats (C) 6 seats (D) 5 seats	✓			

Q.N.	Question	Correct Answer			
		A	B	C	D
142.	How long after expiry can a vehicle registration certificate be renewed without a fine? (A) Within 1 month (B) Within 2 months (C) Within 3 months (D) Within 4 months			✓	
143.	What is the penalty for causing death by intentionally driving with malicious intent? (A) No punishment (B) 10 years imprisonment (C) Life imprisonment (D) 20 years imprisonment			✓	
144.	What type of charger is generally used for charging electric vehicles? (A) AC Charger (B) DC Charger (C) Both A and B (D) None of the above			✓	
145.	What is the fee for adding heavy vehicle categories to a driver's license? (A) NPR 500 (B) NPR 1,000 (C) NPR 1,500 (D) NPR 2,000	✓			
146.	What is the application fee for a driver's license? (A) NPR 100 (B) NPR 500 (C) NPR 300 (D) NPR 400		✓		
147.	How many passengers can be accommodated in a minibus, including the driver? (a) 14 people (b) 20 people (c) 25 people (d) 30 people			✓	
148.	What is the renewal fee for a Category "B" driver's license? (A) NPR 1,500 (B) NPR 2,000 (C) NPR 2,500 (D) NPR 3,000		✓		
149.	What is the required coverage amount for third-party vehicle insurance? (A) NPR 200,000 (B) NPR 300,000 (C) NPR 400,000 (D) NPR 500,000				✓
150.	What is the punishment for driving an unregistered vehicle according to the Vehicle and Transport Management Act, 2049? (A) Fine of NPR 500 to 1,000 (B) Fine of NPR 1,000 to 5,000 (C) 1 month imprisonment (D) All of the above		✓		
151.	Whose approval is required to change a vehicle's color, seating capacity, engine, or chassis? (a) Police Office (b) Transport Entrepreneurs' Committee (c) Authorized Officer (d) Local Government			✓	
152.	How many seats are reserved for disabled persons in large local public transport? (A) 2 seats (B) 3 seats (C) 4 seats (D) 5 seats	✓			
153.	For how long can a driver's license be suspended?			✓	

Q.N.	Question	Correct Answer			
		A	B	C	D
	(A) 3 months (B) 5 months (C) 6 months (D) 8 months				
154.	Which section of the Act applies if a driver, despite knowing that their manner of driving could result in someone's death, drives negligently and causes a fatality? (a) Section 161(2) (b) Section 161 (c) Both (a) and (b) (d) No section applies.	✓			
155.	If a vehicle registration certificate is not renewed within how many years, will it be automatically canceled? (A) 1 year (B) 3 years (C) 5 years (D) 7 years			✓	
156.	In case of the death of the vehicle owner, within how many days must the heir submit an application for transfer of title? (a) 15 days (b) 30 days (c) 35 days (d) 45 days			✓	
157.	If a vehicle registration certificate is lost or damaged, within how many days must a duplicate application be submitted? (A) Within 3 days (B) Within 7 days (C) Within 15 days (D) Within 30 days			✓	
158.	What is the penalty for driving a vehicle without a pollution clearance sticker on restricted roads? (A) Imprisonment (B) Vehicle seizure (C) Ban on future driving (D) Driver fined				✓
159.	If a license renewal is delayed by one year, what is the additional fine? (A) 150% (B) 50% (C) 1000% (D) 200%				✓
160.	What is the minimum age required to obtain a heavy vehicle driver's license under the Vehicle Act? (A) 16 years (B) 18 years (C) 21 years (D) 25 years			✓	
161.	How often should emission testing be conducted for private vehicles? (A) Every 3 months (B) Every 6 months (C) Every 1 year (D) Every 2 years			✓	
162.	Within how many days of customs clearance must a vehicle be registered? (A) Within 10 days (B) Within 15 days (C) Within 20 days (D) Within 25 days		✓		
163.	According to weight, what defines a heavy vehicle? (A) More than 10 tons (B) 4 to 10 tons (C) Less than 4 tons (D) 1 ton	✓			
164.	According to weight, what defines a medium vehicle? (A) 10 tons (B) 1 to 4 tons (C) 4 to 10 tons (D) 1 ton			✓	
165.	According to weight, what defines a light vehicle?		✓		

Q.N.	Question	Correct Answer			
		A	B	C	D
	(A) 10 tons (B) Less than 4 tons (C) Less than 1 ton (D) 1 ton				
166.	Who is responsible for the compensation to be paid to the heirs of a person who dies in a vehicle accident? (A) The driver (B) The vehicle owner or manager (C) Both A and B (D) Neither		✓		
167.	Within how long must the transport office be notified if a vehicle owner's permanent address changes? (A) 1 year (B) 1 month (C) 5 months (D) 2 years		✓		
168.	Which parts of a vehicle cannot be altered without approval from the authorized official? (A) Engine (B) Chassis (C) Color (D) All of the above				✓
169.	After a driver's license expires, within how many years can it be renewed by paying a fine? (A) 5 years (B) 3 years (C) 2 years (D) 7 years	✓			
170.	After passing the trial (practical) exam, within how many days must the license fee be paid? (A) Within 18 months (B) Within 5 years (C) Within 15 days (D) Within 90 days	✓			
171.	What is the fee for a duplicate copy of a driver's license? (A) Rs. 200 (B) Rs. 500 (C) Rs. 1000 (D) Rs. 1500		✓		
172.	Under which conditions can a driver's license be canceled? (A) If disqualified under the Act (B) In case of the driver's death (C) If voluntarily requested for cancellation (D) All of the above				✓
173.	If a person is expelled from the written exam center for misconduct, how long are they barred from taking the exam again? (A) 1 year (B) 2 months (C) 3 months (D) None of the above			✓	
174.	What is the punishment for driving without a driver's license? (A) Fine of Rs. 500 to Rs. 2000 (B) Fine of Rs. 200 to Rs. 800 (C) 1-month imprisonment (D) 6-month imprisonment	✓			
175.	What is the term for roads longer than 250 kilometers? (A) Long-distance road (B) Local road (C) Short road (D) None of the above	✓			

Q.N.	Question	Correct Answer			
		A	B	C	D
176.	Which vehicles are not required to stop at a red light? (A) Vehicles turning left (B) Vehicles turning right (C) Vehicles going straight (D) None of the above	✓			
177.	What is the trial petition for a driver's license? (A) 6 months (B) 1 year (C) 3 months (D) 18 months		✓		
178.	What details must be submitted when applying for a driver's license online? (A) Date of birth (B) Mobile number (C) Citizenship number (D) All of the above				✓
179.	What is the maximum duration for issuing temporary road permits? (A) 14 days (B) 7 days (C) 5 days (D) One month		✓		
180.	Once granted, how long is a road permit valid for? (A) 4 months (B) 6 months (C) 3 months (D) 1 year	✓			
181.	Within how many days must a road permit be renewed after it expires? (A) 4 days (B) 6 days (C) 15 days (D) 1 year			✓	
182.	What additional fee is charged if a road permit is renewed within one month after expiration? (A) 50% (B) 25% (C) 100% (D) No extra charge			✓	
183.	Which citizens must long-distance public passenger vehicles reserve seats for? (A) Members of Parliament (B) Women (C) Both (A) and (B) (D) Government employees			✓	
184.	What is the minimum percentage required to pass the written test for a driver's license? (A) 50% (B) 80% (C) 60% (D) 70%			✓	
185.	Which documents must be shown to traffic police when requested? (A) Bluebook and License (B) Citizenship (C) Identity Card (D) All of the above	✓			
186.	Within how many days must a canceled driver's license be returned to the authorized officer? (A) 7 days (B) 14 days (C) 35 days (D) 15 days	✓			
187.	What is the penalty for operating a vehicle with a tampered or altered number plate? (a) 3 months imprisonment				✓

Q.N.	Question	Correct Answer			
		A	B	C	D
	(b) Fine ranging from 1,000 to 15,000 (c) Confiscation of the vehicle (d) 6 months imprisonment or a fine ranging from 5,000 to 15,000 along with confiscation of the vehicle				
188.	What is the designated insurance amount for drivers and staff of passenger vehicles? (A) Rs. 500,000 (B) Rs. 200,000 (C) Rs. 300,000 (D) Rs. 600,000	✓			
189.	What distance defines a local road? (A) Up to 150 kilometers (B) Up to 50 kilometers (C) Up to 25 kilometers (D) More than 250 kilometers			✓	
190.	What discount percentage is offered on fares for senior citizens on public vehicles? (A) 5% (B) 50% (C) 15% (D) 20%		✓		
191.	Which statement is true regarding your driver's license? (A) Should not renew on time (B) Should not let others drive using it (C) Do not carry while driving (D) All of the above		✓		
192.	After how many years of failure to renew is a vehicle registration considered for re-registration? (A) 3 years (B) 15 years (C) 7 years (D) 5 years				✓
193.	Who determines vehicle speed limits and passenger capacity? (A) Department of Transport Management (B) District Administration Office (C) Traffic Police (D) Anyone authorized	✓			
194.	When must a vehicle registration certificate be renewed? (A) Within 9 months after expiry (B) Within 6 months after expiry (C) Within 3 months after expiry (D) Within 1 month after expiry			✓	

Q.N.	Question	Correct Answer			
		A	B	C	D
195.	For which vehicles is helmet use not mandatory? (A) Jeep/Van (B) Motorcycle (C) Scooter (D) All of the above	✓			
196.	What is the maximum validity of a temporary vehicle registration certificate? (A) 4 months (B) 6 months (C) 14 months (D) 5 years		✓		
197.	For how long can a foreign-registered vehicle be allowed to operate in Nepal? (A) 1 month (B) 1 year (C) 5 years (D) Not allowed	✓			
198.	What is the minimum age required to obtain a driver's license for medium and light vehicles? (A) 25 years (B) 16 years (C) 18 years (D) 21 years			✓	
199.	If a vehicle registration certificate is suspended, within how many days must it be returned to the authorized official after an order? (A) Within 7 days (B) Within 15 days (C) Within 35 days (D) Within 21 days	✓			
200.	When adding a category to an existing driver's license, which test is not required? (A) Written (B) Practical (C) Both (D) No test required	✓			
201.	What is the minimum percentage required to pass the practical test for a Category B (Car/Jeep/Delivery Van) driving license? (A) 50% (B) 60% (C) 70% (D) 80%			✓	
202.	What happens if the indicator is not used while taking a U-turn during the practical test for Category B? (A) 10 marks are deducted (B) 15 marks are deducted (C) Declared as failed (D) Nothing happens	✓			
203.	How many marks are awarded for correctly completing the figure-eight section without any mistakes during the practical test for Category B? (A) 10 marks (B) 20 marks (C) 15 marks (D) 25 marks		✓		
204.	How many times can the engine stop during the practical test for Category B before the test is terminated? (A) 1 time (B) 2 times (C) 3 times (D) 4 times	✓			
205.	How many marks are deducted if the driver starts driving without wearing a seatbelt in the Category B practical test? (A) 2 marks (B) 4 marks (C) No marks deducted (D) Declared as disqualified		✓		

Q.N.	Question	Correct Answer			
		A	B	C	D
206.	What is the width of the garage track used in the garage parking test during the Category B practical test? (A) 2 meters (B) 3 meters (C) 4 meters (D) 5 meters		✓		
207.	How many marks are deducted for not following traffic signals during the practical test for Category B? (A) 10 marks (B) 15 marks (C) 20 marks (D) No marks deducted		✓		
208.	If a person injured in a road traffic accident dies after how many days, is the death considered to be caused by that accident? (A) 10 days (B) 15 days (C) 21 days (D) 25 days			✓	
209.	After passing the written test once, for how long is a candidate allowed to attempt the practical test? (A) 1 Month (B) 2 Months (C) 12 Months (D) 18 Months				✓
210.	After passing the written test once, how many attempts are allowed for the practical test at most? (A) 1 time (B) 2 times (C) 3 times (D) 4 times			✓	
211.	According to the Motor Vehicle and Transport Management Act, 2049 B.S., what is meant by “public place”? (A) Bridge (B) Road (C) Sidewalk (D) All of the above				✓
212.	By when must the road tax be paid for a private vehicle? (A) End of Ashar (mid-July) (B) End of Chaitra (mid-April) (C) End of Asoj (mid-October) (D) Within 3 months after the expiry date				✓
213.	What is the color of the number plate for tourist vehicles in the embossed number plate system? (A) green (B) white (C) yellow (D) black			✓	
214.	What type of vehicle is a tourist vehicle considered equivalent to? (A) Public transport vehicle (B) Private vehicle (C) Government vehicle (D) Diplomatic vehicle	✓			
215.	What is the seat capacity for a minibus? (A) Including driver, 15 to 25 (B) Including driver, 12 to 20 (C) Including driver, 10 to 22 (D) Including driver, 24	✓			
216.	At what age is a person no longer issued a driving license for medium or large public transport vehicles? (A) 55 years (B) 50 years (C) 60 years (D) 45 years			✓	
217.	Where is the RFID sticker with safety features placed on a four-wheeler? (A) Number plate (B) Looking glass (C) Windshield glass (D) View mirror			✓	
218.	According to the Motor Vehicle and Transport Management Act, who is defined as a “driver”? (A) A person traveling in the vehicle		✓		

Q.N.	Question	Correct Answer			
		A	B	C	D
	(B) A person who has obtained a driving license (C) A person working in a transport company (D) A person working in a union or organization				
219.	What is meant by substance abuse (La.Pa.Se.)? (A) Consumption of alcohol (B) Consumption of narcotics/illicit drugs (C) Driving carelessly (D) None of the above		✓		
220.	In the garage parking test for Category B, under what condition is the candidate declared failed? (A) If the vehicle moves slightly forward while reversing once (B) If the marked line is touched (C) Both (A) and (B) (r) None of the above		✓		

3. Technical and Mechanical Knowledge of Vehicles

Q.N.	Question	Correct Answer			
		A	B	C	D
221.	Whose responsibility is it to ensure the vehicle is in proper condition before driving? (a) traffic police (b) mechanical engineer (c) driver (d) transport management office			✓	
222.	What should be done to stop a vehicle suddenly? (a) Apply brakes safely (b) Blow the horn (c) Turn on side lights (d) None of the above	✓			
223.	From where can water enter the engine of a vehicle? (a) from the tire (b) from the pipe for checking engine oil (dipstick tube) (c) from the air cleaner (d) All of the above			✓	
224.	What is the function of a speedometer? (a) Measures vehicle speed (b) Measures engine temperature (c) Measures fuel level (d) All of the above	✓			
225.	What happens if an air filter is damaged? (a) Oil leaks during gear change (b) Fuel consumption increases when the accelerator is pressed (c) Brakes fail when the foot brake is pressed (d) Steering fails when horn is used		✓		
226.	What is the function of a spark plug? (a) Ignites the air-fuel mixture in the engine (b) Supplies water to the engine (c) Supplies oil to the engine (d) None of the above	✓			
227.	What does a four-wheel-drive (4WD) vehicle mean? (a) Brakes on all four wheels (b) Engine power to all four wheels (c) Used for short distances (d) All of the above		✓		
228.	Which power source makes a horn work? (a) Electricity (b) Solar power (c) Fuel (d) None of above	✓			
229.	What lubricates the parts of an engine? (a) Distilled water (b) Acid (c) Engine oil (d) Mineral water			✓	
230.	What is the name of the device in the carburetor that increases air and fuel supply? (a) Spark plug (b) Clutch (c) Battery (d) Throttle				✓
231.	What is the function of the master cylinder? (a) Helps the vehicle run (b) Helps in climbing uphill (c) Helps in reversing (d) Helps in stopping the vehicle				✓

Q.N.	Question	Correct Answer			
		A	B	C	D
232.	In which engine is a carburetor used? (a) Petrol engine (b) Diesel engine (c) Electric engine (d) All of the above	✓			
233.	Which two devices mainly increase the speed of a vehicle? (a) Brakes and accelerator (b) Accelerator and steering (c) Gear and accelerator (d) Fan belt and accelerator			✓	
234.	What is required to start a diesel engine? (a) Diesel and air (b) Spark plug (c) Petrol and air (d) None of the above	✓			
235.	What risk occurs if the water level in a vehicle's radiator is insufficient when refilling it? (a) Higher fuel consumption (b) Brake failure (c) Engine overheating and damage (d) Battery won't charge			✓	
236.	Which gear should a vehicle be in when starting the engine? (a) 1st gear (b) 2nd gear (c) 3rd gear (d) Neutral				✓
237.	What should be done if black smoke is emitted while driving? (a) Block the silencer pipe (b) Remove and throw the silencer (c) Take the vehicle to a workshop (d) Ignore it			✓	
238.	What is the name of the device that measures battery power? (a) Lactometer (b) Speedometer (c) Hydrometer (d) Ammeter				✓
239.	What should be done while reversing a vehicle? (a) Stop the vehicle (b) Engage reverse gear (c) Reverse slowly while checking mirrors (d) All of the above				✓
240.	What is the main function of the clutch? (a) Increases speed (b) Reduces speed (c) Disconnects engine from gear to change gear (d) Stops the vehicle			✓	
241.	What does the fuel gauge in a vehicle indicate? (a) Amount of water (b) Amount of fuel (c) Amount of engine oil (d) All of the above		✓		
242.	What is the main function of the gearbox? (a) Only runs the vehicle fast (b) Only runs the vehicle slowly (c) Runs the vehicle at required speed (d) Helps vehicle move through pits			✓	
243.	What is the function of the brake? (a) Stops the vehicle (b) Increases speed (c) Reverses the vehicle (d) Turns the vehicle	✓			
244.	What does an S.I. (Spark Ignition) engine mean? (a) Engine powered by diesel (b) Engine powered by petrol (c) Engine powered by electricity (d) None of the above		✓		

Q.N.	Question	Correct Answer			
		A	B	C	D
245.	What should be done to protect vehicle tires? (a) Drive in top gear (b) Drive with low air pressure (c) Maintain correct air pressure (d) None of the above			✓	
246.	What happens if the engine overheats? (a) Engine runs faster (b) Electric shock risk (c) The engine may seize (d) Nothing happens			✓	
247.	What is the function of a carburetor? (a) Cools the engine (b) Heats the engine (c) Only helps increase or decrease engine speed (d) Mixes air and fuel in the required proportion				✓
248.	In which engine is a fuel injector used? (a) Diesel (b) Petrol (c) Electric (d) Both (a) and (b)				✓
249.	What is the container that holds brake fluid called? (a) Master cylinder (b) Oil cylinder (c) Secondary cylinder (d) Brake fluid reservoir				✓
250.	What should be done if gear oil starts dripping from the differential? (a) Keep adding oil from time to time (b) Repair the leak (c) Drive until noise starts (d) Drive until it gets hot		✓		
251.	What does tire tread depth measure? (A) Tire diameter (B) Tire width (C) Depth of tire grooves (C) None of the above			✓	
252.	When does the reverse light of a vehicle turn on? (A) When braking (B) When applying the handbrake (C) When pressing the accelerator (D) When the vehicle is moved backward				✓
253.	What generates power in an electric vehicle? (A) Engine (B) Motor (C) Generator (D) Diesel		✓		
254.	If the foot brake of a vehicle suddenly becomes less effective, what should be checked? (A) Wheel pressure (B) Brake oil level (C) Master cylinder (D) All of the above				✓
255.	What should be done if the engine does not start in cold weather? (A) Turn on A/C (B) Add water to engine oil (C) Add more fuel (D) Use choke to start				✓
256.	How is a vehicle's battery charged? (A) By the vehicle's engine oil (B) By the vehicle's radiator (C) By the vehicle's dynamo (D) None of the above			✓	
257.	What is the function of a dipstick? (A) To check engine oil level	✓			

Q.N.	Question	Correct Answer			
		A	B	C	D
	(B) To check the water level (C) To adjust the oil level (D) None of the above				
258.	What happens if engine oil is not changed on time? (A) Tire size decreases (B) Battery backup reduces (C) Friction in the engine increases, causing damage (D) None of the above			✓	
259.	What is the function of the accelerator? (A) To cool the engine (B) To stop fuel supply (C) To regulate fuel supply based on speed (D) To measure smoke			✓	
260.	How many differentials are there in a four-wheel-drive vehicle? (A) One (B) Two (C) Three (D) Four		✓		
261.	What is the primary function of an axle in a vehicle? (A) To bear the load and rotate the wheels (B) To bear the load only (C) To run the engine (D) To engage four-wheel drive	✓			
262.	What is a wiper? (A) A speed booster (B) A braking device (C) A towel to clean the car (D) A device to clean the windshield				✓
263.	What is the device called that produces electricity in a running engine? (A) Storage battery (B) Charging dynamo (C) Dry cell (D) Torchlight		✓		
264.	What is another name for a petrol engine? (A) Diesel engine (B) Hydraulic engine (C) Gasoline engine (D) All of the above			✓	
265.	In which condition is it dangerous to apply the handbrake? (A) Uphill (B) Downhill (C) At high speed (D) On curves			✓	
266.	Where does the steering system operate? (A) Front wheels (B) Rear wheels (C) Gear system (D) Engine	✓			
267.	If a vehicle stops pulling, what should the driver check first? (A) Steering system (B) Clutch plate slippage		✓		

Q.N.	Question	Correct Answer			
		A	B	C	D
	(C) Hand and foot brake (D) Gear and accelerator				
268.	If the red light on the oil pressure meter on the dashboard lights up, what should be done? (A) Apply brakes (B) Sound the horn (C) Turn off the engine (D) All of the above			✓	
269.	What types of engines are used in four-wheeled vehicles in Nepal? (A) Petrol (B) Diesel (C) Electric (D) All of the above				✓
270.	What is the function of a vehicle differential? (A) Distributes different torques to each wheel (B) Helps to turn the vehicle (C) Assists in vehicle control (D) All of the above				✓
271.	When should the choke lever be turned off? (A) After turning off the engine (B) At any time (C) After starting the engine (D) All of the above			✓	
272.	What should be done if the water level in a lead-acid battery is low? (a) Add tap water (b) Add distilled water (c) Add mineral water (d) Add petro		✓		
273.	What types of brakes are used in four-wheeled vehicles? (A) Hand brake with water (B) Foot brake with air (C) Both (A) and (B) (D) None of the above			✓	
274.	Which of the following measures vehicle speed? (A) Hydrometer (B) Thermal meter (C) Hectometer (D) Speedometer				✓
275.	Which device prevents the battery from overcharging? (A) Carburetor (B) Cut-out (C) Air cooler (D) None of the above		✓		
276.	What is the ignition switch related to? (A) Engine and clutch (B) Engine and gearbox (C) Engine and battery (D) All of the above			✓	
277.	If a vehicle's tire wears on one side only, what is likely the issue? (A) Poor tire quality (B) Driving at high speed (C) Wheel alignment issue (D) All of the above			✓	

Q.N.	Question	Correct Answer			
		A	B	C	D
278.	If the right front wheel of a moving vehicle gets punctured, which direction will it turn? (A) Will not turn (B) To the right (C) To the left (D) Will stop immediately		✓		
279.	What oil is used in the steering box? (A) Brake oil (B) Mobil oil (C) Steering oil (D) Grease			✓	
280.	What is the main source of electricity in an engine? (A) Petrol (B) Battery (C) Mobil oil (D) Diesel		✓		
281.	What type of engine oil should be used in vehicles operating in very cold regions? (A) Thick (B) Thin (C) Non-freezing type (D) Any type			✓	
282.	What is the engine capacity of four-wheeled vehicles used in driver training centers? (A) 796 CC (B) 790 CC (C) 794 CC (D) 795 CC	✓			
283.	What fuel does an electric vehicle run on? (A) Petrol (B) Diesel (C) Electricity (D) All of the above			✓	
284.	What is the use of jumper cables in a vehicle? (A) To tow a broken vehicle (B) To start a vehicle with a dead battery (C) To lift the vehicle (D) All of the above		✓		
285.	What is a screw jack used for? (A) To lift a vehicle (B) To move the vehicle (C) To start a vehicle with a dead battery (D) All of the above	✓			
286.	Why do electric vehicles (EVs) not have a clutch? (A) Because there is no gearbox (B) Because there is no fuel tank (C) None of the above (D) All of the above	✓			

Q.N.	Question	Correct Answer			
		A	B	C	D
287.	If the lights suddenly go off during night travel, what should be checked first? (A) Fuse (B) Wiring (C) Both (A) and (B) (D) Steering and brake fluid	✓			
288.	What is compressed in a diesel engine? (A) Diesel (B) Air (C) Petrol (D) Mobil oil		✓		
289.	Which of the following lubricates vehicle components? (A) Grease (B) Engine oil (C) Steering oil (D) All of the above				✓
290.	What is compressed in a petrol engine? (A) Diesel (B) Air (C) Mixture of petrol and air (D) Mobil oil			✓	
291.	When is the brake not used? (A) While increasing vehicle speed (B) While turning the vehicle (C) While reversing the vehicle (D) While stopping the vehicle	✓			
292.	What should be done before driving a vehicle? (A) Inspect the condition of the vehicle (B) Inform the traffic police (C) Inform the mechanical engineer (D) All of the above	✓			
293.	What drives the fan in a vehicle? (A) Accelerator (B) Clutch (C) Fan belt (D) All of the above			✓	
294.	How is the fuel level checked in a vehicle? (A) By checking the fuel gauge (B) By checking the speedometer (C) By checking the thermometer (D) All of the above	✓			
295.	What is mainly found inside a battery? (A) Electrolyte (B) Mobil oil (C) Petrol (D) Grease oil	✓			

Q.N.	Question	Correct Answer			
		A	B	C	D
296.	In which gear is engine power highest? (A) Neutral (B) 1st gear (C) 2nd gear (D) All gears		✓		
297.	What happens if carbon accumulates on the spark plug? (A) Hard to start (B) Vehicle pickup increases (C) No effect on driving (D) All of the above	✓			
298.	Who must approve changes to vehicle color, seats, or structure? (A) Traffic police (B) Vehicle importer (C) Relevant Transport Management Office (D) No one			✓	
299.	Which of the following is a braking system used in vehicles? (A) Mechanical braking (B) ABS (C) EBD (D) All of the above				✓
300.	What component delivers engine oil to various parts of the vehicle? (A) Choke (B) Oil pump (C) Carburetor (D) All of the above		✓		

4. Conceptual knowledge regarding environmental pollution

Q.No.	Question	Correct Answer			
		A	B	C	D
301.	What is meant by pollution caused by vehicles? (A) Waste from industries (B) Waste from hospitals (C) Smoke emitted from vehicles (D) Waste from residential areas			✓	
302.	Which part of a vehicle affects pollution? (A) clutch (B) Gearbox (C) Body (D) Engine condition				✓
303.	What is the maximum permissible smoke density for diesel engine vehicles? (A) 65% (B) 70% (C) 75% (D) 80%	✓			
304.	Which of the following engines causes the least pollution? (A) Diesel engine (B) Petrol engine (C) Electric engine (D) Coal engine			✓	
305.	What kind of pollution is caused by horns? (A) Air pollution (B) Soil pollution (C) Water pollution (D) Noise pollution				✓
306.	Which of the following vehicles causes the most environmental pollution? (A) Two-stroke engine vehicles (B) Four-stroke engine vehicles (C) Electric vehicles (D) None of the above	✓			
307.	To make cities pollution-free, which of the following vehicles is most appropriate? (A) Electric (B) Diesel (C) Petrol (D) Gas	✓			
308.	Which authority conducts pollution testing of electric vehicles? (A) Department of Transport Management (B) Electricity Authority (C) Transport Management Office (D) Pollution testing is not required for electric vehicles				✓
309.	According to Nepal's Vehicle Emission Standard 2082 B.S., what Euro standard is followed? (A) Euro-2 (B) Euro-3 (C) Euro-5 (D) Euro-6				✓
310.	Which fuel among the following produces the least pollution? (A) Petrol (B) Diesel (C) CNG (Compressed Natural Gas) (D) Coal			✓	
311.	From when was the current pollution standard implemented in Nepal? (A) 2054 B.S. (B) 2069 B.S. (C) 2082 B.S. (D) 2056 B.S.			✓	

Q.No.	Question	Correct Answer			
		A	B	C	D
312.	What color must school-purpose electric vehicles be? (A) Red (B) Yellow (C) White (D) Blue		✓		
313.	Who certifies a vehicle's pollution test? (A) Vehicle Testing Office (B) Transport Management Office (C) Traffic Police Office (D) Both (A) and (B)				✓
314.	For which vehicles is the Emission Standard 2082 not applicable? (A) Private vehicles (B) Large buses (C) Large vehicles like bulldozers and loaders (D) Applicable to all			✓	
315.	What happens if a vehicle without a pollution sticker enters a restricted zone? (A) Fine (B) Vehicle seizure (C) Jail (D) Both (A) and (B)	✓			
316.	Which of the following is a green vehicle? (A) Electric vehicle (B) Petrol vehicle (C) Diesel vehicle (D) All of the above	✓			
317.	Which machine is used to check diesel vehicle emissions? (A) Smoke meter (automatic exhaust gas analyzer) (B) Fire meter (C) Pollution meter (D) Diesel meter	✓			
318.	Which of the following practices helps save fuel and reduce pollution? (A) Frequent braking in petrol vehicles (B) High-speed driving (C) Use of constant speed (D) Ignoring traffic signals			✓	
319.	What is the function of a catalytic converter? (A) To filter oil (B) To purify exhaust smoke (C) To increase speed (D) All of the above		✓		
320.	What is generally tested during a vehicle pollution inspection? (A) Brakes (B) Body (C) Smoke (D) Fuel			✓	
321.	What parameters are measured during petrol vehicle emissions testing in Nepal? (A) CO and HC (B) NOx (C) Sox (D) CO and PM	✓			
322.	In what unit is noise pollution measured? (A) PSI (B) Decibel (C) Bar (D) Pascal		✓		
323.	When was the horn-prohibited zone implemented in Kathmandu Valley?	✓			

Q.No.	Question	Correct Answer			
		A	B	C	D
	(A) 1st Baisakh 2074 (B) 1st Baisakh 2075 (C) 1st Baisakh 2076 (D) 1st Baisakh 2077				
324.	What color sticker is attached to clean Tempos? (A) Blue (B) Red (C) Green (D) None			✓	
325.	Dust from brake pads made of asbestos can cause which disease? (A) Cancer (B) Pneumonia (C) Cholera (D) Diabetes	✓			
326.	Which type of fuel-powered vehicle causes the most pollution? (A) Electric (B) Diesel (C) Petrol (D) Gas		✓		
327.	Which vehicles require a pollution test certificate? (A) Private vehicles (B) Public vehicles (C) Government vehicles (D) All of the above		✓		
328.	According to Emission Standard 2082, where should motorcycle emissions be tested? (A) Transport Management Office (B) Garage (C) Workshop (D) None of the above				✓
329.	What is the color of the pollution sticker? (A) Green (B) Blue (C) Yellow (D) Red	✓			
330.	How is the emission from diesel engines tested? (A) At full throttle (B) At medium throttle (C) At normal throttle (D) None of the above	✓			

5. Knowledge Related to Accident Awareness

Q.No.	Question	Correct Answer			
		A	B	C	D
331.	Why is ABS used? (A) To increase battery life due to low visibility (B) To increase mileage due to empty roads (C) To make it easier to control vehicle direction when speeding (D) To reduce the size of the tire			✓	
332.	What does the red traffic light indicate? (A) Caution signal (B) Signal to stop the vehicle (C) Safety signal (D) None of the above		✓		
333.	In which of the following conditions should a horn be used? (A) Feeling the risk of an accident (B) Use the horn while not honking (C) In crowded places (D) All of the above	✓			
334.	When should a vehicle be stopped? (A) When traffic light signals to stop at intersections (B) When pedestrians are crossing on a zebra crossing (C) When the traffic police signal to stop (D) All of the above				✓
335.	Which is the most unsafe vehicle in terms of accidents? (A) Motorcycle (B) Car (C) Bus (D) Dozer	✓			
336.	Where should vehicle speed be reduced? (A) School zones (B) Densely populated areas (C) Intersections (D) All of the above				✓
337.	What happens if a vehicle is driven at high speed? (A) Driving skill increases (B) It helps other vehicles (C) Chances of an accident increase (D) The vehicle becomes old			✓	
338.	What is a zebra crossing made for? (A) For vehicles to cross the road (B) For animals to cross the road (C) For pedestrians to cross the road (D) To stop vehicles			✓	
339.	What precautions should be taken while driving near schools or hospitals? (A) Do not honk (B) Do not drive at high speed (C) Do not overtake (D) All of the above				✓

Q.No.	Question	Correct Answer			
		A	B	C	D
340.	What does THC mean in a drug (La.Pa.Se.) test? (A) Tetrahydrocannabinols (B) Technical Hydro Camera (C) Tetra Hyper Cannabinols (D) Tetra Hyper Camera	✓			
341.	What risk occurs in an electric vehicle if there is insulation failure? (A) Speed increases (B) Electric current leakage causing electric shock or short circuit (C) Tire wear increases (D) Brakes become stronger		✓		
342.	What should a driver do when a pedestrian is about to cross the road? (A) Give a hand signal (B) Stop the vehicle (C) Turn the vehicle around (D) Increase speed		✓		
343.	Why should seat belts be used while driving? (A) To look good (B) To relax (C) To minimize injury during an accident (D) All of the above			✓	
344.	What is thermal runaway in an electric vehicle? (A) The vehicle runs very fast (B) The battery overheats excessively and undergoes an uncontrolled reaction (C) Brake failure (D) Tire burst		✓		
345.	What should be done before turning left? (A) Apply the brake and stop (B) Turn on the right indicator (C) Turn on the left indicator (D) Honk heavily			✓	
346.	From a safety perspective, what time is considered dangerous for travel? (A) During heavy rainfall (B) During heavy snowfall (C) During thick fog (D) All of the above				✓
347.	Which device is used by police to detect the speed of moving vehicles? (A) Radar gun (B) Automatic Number Plate Recombination (C) Both a and b (D) None of the above	✓			
348.	Which mistakes by drivers can lead to accidents? (A) Driving under the influence of alcohol (B) Driving without checking the vehicle's condition (C) Driving at high speed (D) All of the above				✓
349.	On roads without footpaths, from which side should pedestrians walk? (A) Left side of the road (B) Right side		✓		

Q.No.	Question	Correct Answer			
		A	B	C	D
	(C) Both sides (D) Middle of the road				
350.	Who is responsible for making the road safe? (A) Vehicle drivers (B) Pedestrians (C) Traffic police (D) All of the above				✓
351.	From which side should overtaking be done? (A) From the left side (B) From the right side (C) From both sides (D) From no side at all		✓		
352.	Which type of injured person in an accident should be given artificial oxygen? (A) Minor injury (B) Bleeding (C) Unconscious (D) Conscious			✓	
353.	Why is first aid given to those injured in a vehicle accident? (A) To prevent future accidents (B) To prevent other diseases (C) To stop the condition from worsening (D) All of the above			✓	
354.	What happens if you don't follow lane discipline? (A) Chances of accidents increase (B) Fines will be imposed (C) Awareness classes must be taken (D) All of the above				✓
355.	How should a vehicle be driven on a speed breaker to ensure safety? (A) Drive slowly (B) Drive at high speed (C) Apply brakes suddenly near the speed breaker (D) Drive without considering the speed	✓			
356.	Why must rescuers take special precautions after an electric vehicle (EV) accident? (A) The fuel tank may explode (B) There is a risk of electric shock from high voltage (C) The clutch may suddenly operate (D) The carburetor may break		✓		
357.	Which light should be used when parking a vehicle at night? (A) Headlight (B) Side light (C) Parking light (D) None of the above			✓	
358.	What does an unbroken straight white line indicate? (A) U-turn prohibited (B) Turning prohibited (C) Overtaking prohibited (D) All of the above				✓

Q.No.	Question	Correct Answer			
		A	B	C	D
359.	In which gear should a vehicle be driven on steep uphill roads? (A) First gear (B) Second gear (C) Third gear (D) Fourth gear	✓			
360.	When should the looking (rearview) mirror be used? (A) When overtaking (B) When reversing (C) When turning (D) All of the above				✓
361.	What should not be done when a vehicle behind is trying to overtake? (A) Slow down and give way (B) Increase speed (C) Honk (D) Both (B) and (C)				✓
362.	What should be the driver's condition while driving? (A) Poor vision (B) Not under the influence of drugs (C) Feeling dizzy (D) Not slept all night		✓		
363.	If the vehicle is mechanically unfit, to whom should the driver first report? (A) Traffic police (B) Nearest police office (C) Vehicle owner or manager (D) District administration office			✓	
364.	Where should you not park a vehicle? (A) Busy roads (B) Narrow roads (C) Non-parking zones (D) All of the above				✓
365.	What should a driver do when entering a main road from a side road? (A) Enter at high speed (B) Stop the vehicle in the middle of the main road (C) Signal and look right/left, then enter at a safe speed (D) Enter without giving any signal			✓	
366.	What should be done before reversing a vehicle? (A) Rev the engine (B) Check rearview mirror for vehicles/pedestrians (C) Stop and get out to check behind (D) Honk		✓		
367.	What should you check before starting your vehicle? (A) Fuel level (B) Gear (C) Brakes and indicator lights (D) All of the above				✓
368.	When is it appropriate to use the handbrake? (A) While starting the vehicle (B) When the vehicle is stopped and parked (C) When about to stop (D) When stopping quickly		✓		

Q.No.	Question	Correct Answer			
		A	B	C	D
369.	What are the causes of road accidents? (A) Human error (B) Mechanical failure (C) Poor road conditions (D) All of the above				✓
370.	While suddenly changing lanes on a one-way road, which vehicle is more likely to crash into you? (A) Vehicle coming from the front (B) Vehicle coming from the right (C) Vehicle coming from the left (D) Vehicle from behind				✓
371.	What should be done when reversing a vehicle? (A) Put the vehicle in reverse gear (B) Check side mirrors (C) Gently press the accelerator (D) All of the above				✓
372.	What condition must a vehicle driver be in? (A) Good eyesight (B) Not tired (C) Not under the influence of alcohol (D) All of the above				✓
373.	How should a vehicle be driven in a hurry? (A) Keep honking repeatedly (B) Drive with brake lights and hand gestures (C) Use emergency lights and drive at a safe speed (D) Try to reach quickly, no matter what			✓	
374.	How should a vehicle be driven on a turn? (A) In low gear (B) Reduce speed (C) Honk 2–3 times before the turn (D) All of the above				✓
375.	Who is responsible for ensuring compensation for the victim of a traffic accident? (A) Vehicle owner (B) Chief District Officer (C) Traffic police (D) Transportation Management Office		✓		
376.	What happens if you drive under the influence of alcohol? (A) You may cause an accident (B) You may be fined (C) Both (A) and (B) (D) You will have fun			✓	
377.	Which track should public vehicles use? (A) Service track (B) Fast track (C) None of the above (D) Whichever direction you prefer	✓			
378.	What should be done first for a person injured in an accident?				✓

Q.No.	Question	Correct Answer			
		A	B	C	D
	(A) Make a video (B) Provide first aid (C) Inform the police (D) Both (B) and (C)				
379.	Can you feed injured persons immediately after an accident? (A) Yes (B) No (C) Depending on the injured person's wish (D) After consulting with people present at the scene		✓		
380.	What risks exist when driving in the rain? (A) Tires may skid (B) Brakes may not work properly (C) Pedestrians may get splashed (D) All of the above				✓
381.	What should not be done at a zebra crossing? (A) Drive the vehicle at high speed (B) Blow the horn (C) Drive the vehicle at high speed near it (D) All of the above				✓
382.	What should be done while turning a vehicle to the right? (A) Turn on the left indicator and turn (B) Turn on the headlight and turn (C) Turn on the right indicator and turn (D) None of the above			✓	
383.	What should be done when stopping a vehicle on an uphill road? (A) Put the vehicle against a curb or block (B) Keep the vehicle in first gear (C) Engage the handbrake (D) All of the above				✓
384.	In case of heavy fog or mist, which light should be turned on when visibility is low? (A) Headlight (B) Brake light (C) Fog light (D) Side light			✓	
385.	What should you do when approaching a T-junction? (A) Let vehicles from the left and right pass (B) Stop the vehicle (C) Slow down and proceed only when the road is clear (D) All of the above				✓

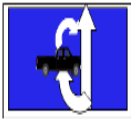

Q.No.	Question	Correct Answer			
		A	B	C	D
386.	Why is Mobil (engine oil) used in vehicles? (A) To save fuel (B) To help operate the engine smoothly (C) To drive at high speed (D) All of the above				✓
387.	What does black smoke from a vehicle indicate? (A) The silencer pipe is damaged (B) The vehicle does not have a silencer (C) The engine is faulty (D) There is no fuel			✓	
388.	In what situation is it dangerous to drive with the clutch pressed? (A) While driving downhill (B) At high speed (C) On a curve (D) All of the above	✓			
389.	When should a high-beam headlight be switched to low beam? (A) When no other vehicle is seen on the road (B) When a vehicle is approaching from the opposite direction (C) When the road ahead is not clearly visible (D) None of the above		✓		
390.	What happens when a vehicle is driven in a zigzag manner on the road? (A) The chance of an accident increases (B) Driving skill improves (C) You reach faster (D) All of the above	✓			

6. Knowledge of Traffic Signals

Q.No.	Question	Correct Answer			
		A	B	C	D
391.	What should be done when a vehicle reaches a zebra crossing and the green light is on? (A) Move straight ahead (B) Stop the vehicle (C) Be in a ready position to move forward (D) All of the above	✓			
392.	What should be done when a vehicle reaches a zebra crossing and the yellow light is on? (A) Move straight ahead (B) Stop the vehicle (C) Be in a ready position to move forward (D) All of the above		✓		
393.	What does a stop line indicate? (A) A place where stopping a vehicle is prohibited (B) A place where a vehicle must stop, or come to a complete stop before proceeding (C) A place where overtaking is permitted (D) A place where parking is allowed		✓		
394.	What should be done when a vehicle reaches a zebra crossing and the red light is on? (A) Move straight ahead (B) Stop the vehicle (C) Be in a ready position to move forward (D) All of the above		✓		
395.	What does it indicate when the red light on the back of a vehicle is on? (A) The Gear is being changed (B) Turn signal is on (C) Brakes are being applied (D) Speed is being increased			✓	
396.	What does a triangular traffic sign indicate? (A) Informational (B) Cautionary (C) Prohibitory (D) All of the above		✓		
397.	What does a rectangular or square-shaped traffic sign not indicate? (A) Informational (B) Cautionary (C) Prohibitory (D) Both (B) and (C)	✓			

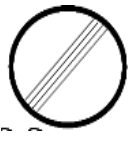

Q.No.	Question	Correct Answer			
		A	B	C	D
398.	What does a circular traffic sign indicate? (A) Informational (B) Cautionary (C) Prohibitory (D) All of the above			✓	
399.	Why are road markings made? (A) To make driving easier (B) To improve the road (C) For issuing fines (D) All of the above	✓			
400.	Which of the following colors is not used for road markings? (A) White (B) Yellow (C) Blue (D) Black			✓	
401.	Which color is not used for zebra crossing markings? (A) Yellow (B) Black (C) White (D) None of the above	✓			
402.	What does a continuous white line in the middle of the road indicate? (A) The line must not be crossed (B) The line can be crossed (C) Both of the above (D) None of the above	✓			
403.	How many colored lights are there in a traffic light? (A) 2 types (B) 3 types (C) 4 types (D) 5 types		✓		
404.	Who are traffic signals meant for? (A) For vehicle drivers (B) For pedestrians (C) For both pedestrians and vehicle drivers (D) None of the above			✓	
405.	Which of the following is not a color used in traffic lights? (A) Yellow (B) Red (C) Green (D) Black				✓
406.	What is an automatic traffic signal? (A) A sign placed on the roadside (B) An automated electric light installed on the road (C) A signal given by a traffic police officer (D) None of the above		✓		
407.	Whose responsibility is it to follow traffic signs? (A) Vehicle drivers (B) Pedestrians (C) All vehicles (D) All of the above				✓
408.	What is a traffic signal? (A) A signal given by the driver (B) A signal given by the police (C) A sign placed to enforce traffic rules (D) All of the above			✓	

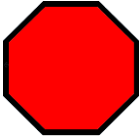

Q.No.	Question	Correct Answer			
		A	B	C	D
409.	How many types of international traffic signs are there? (A) Two types (B) Three types (C) Four types (D) Not fixed		✓		
410.	Where is the lane division line marked on the road? (A) On the right edge (B) On the left edge (C) In the middle of the road (D) Anywhere			✓	
411.	What color are the boards used for direction signs on highways? (A) Green (B) Red (C) Yellow (D) Black	✓			
412.	What are lane lines and zebra crossings also called? (A) Road markings (B) Traffic markings (C) Hotspots (D) All of the above	✓			
413.	Why are traffic signs placed on roads? (A) To provide information to travelers (B) To provide information to drivers (C) To prevent accidents (D) All of the above				✓
414.	Why are traffic lights installed at intersections? (A) So drivers can see the road at night (B) To control traffic (C) For turning vehicles (D) For parking vehicles		✓		
415.	Where are traffic signals placed on the road? (A) At intersections (chowk) (B) At T-junctions (C) At turns (D) All of the above				✓
416.	 What does this traffic sign indicate? (A) Square shape (B) Rectangular shape (C) Parking area (D) Hospital			✓	
417.	 What does this traffic sign indicate? (A) One-way road (B) Two-way road (C) East direction (D) West direction	✓			
418.	 What does this traffic sign indicate? (A) Shop (B) Workshop (C) House (D) Parking area		✓		

Q.No.	Question		Correct Answer			
			A	B	C	D
419.		What does this traffic sign indicate? (A) Religious area (B) Residential area (C) Hospital (D) First aid				✓
420.		What does this traffic sign indicate? (A) Uphill road (B) One-way road (C) Overtaking zone (D) Right turn			✓	
421.		What does this traffic sign indicate? (A) Telephone (B) Internet (C) Tool (D) Police	✓			
422.		What does this traffic sign indicate? (A) Telephone service (B) Truck service (C) T-junction (D) Road ends				✓
423.		What does this traffic sign indicate? (A) Pedestrian path (B) School (C) Police (D) Damaged road	✓			
424.		What does this traffic sign indicate? (A) Parking space (B) Hospital (C) Machine (D) Petrol pump				✓
425.		What does this traffic sign indicate? (A) Rest area (B) Refreshment center (C) Lodging place (D) Hospital			✓	
426.		What does this traffic sign indicate? (A) Rest area (B) Hospital (C) Residential area (D) Lodging place		✓		

Q.No.	Question	Correct Answer			
		A	B	C	D
427.	 What does this traffic sign indicate? (A) House (B) Temple (C) Refreshments (D) School			✓	
428.	 What does this traffic sign indicate? (A) Pedestrian and bicycle path (B) School (C) Children (D) Crowded area	✓			
429.	 What does this traffic sign indicate? (A) Bicycle repair (B) Bicycle path (C) Bicycles prohibited (D) Cyclists		✓		
430.	 What does this traffic sign indicate? (A) No parking (B) Bus stop (C) Bus parking (D) Parking lot		✓		
431.	 What does this traffic sign indicate? (A) Forest area (B) Temple (C) Picnic spot (D) School			✓	
432.	 What does this traffic sign indicate? (A) Zebra crossing (B) Rest area (C) Parking area (D) School	✓			
433.	 What does this traffic sign indicate? (A) Slippery place (B) Overtaking zone (C) For emergencies only (D) Forest area			✓	
434.	 What does this traffic sign indicate? (A) Road edge lines (B) Dirt road (C) Road (D) Parking	✓			

Q.No.	Question	Correct Answer			
		A	B	C	D
435.	 What does this traffic sign indicate? (A) Blacktopped road (B) Overtaking zone (C) Road center lines (D) Stop point			✓	
436.	 What does this traffic sign indicate? (A) No entry (B) No parking (C) No overtaking (D) No stopping				✓
437.	 What does this traffic sign indicate? (A) No entry (B) No parking (C) Parking area (D) No public access		✓		
438.	 What does this traffic sign indicate? (A) No entry (B) No right turn (C) Parking area (D) Stop point	✓			
439.	 What does this traffic sign indicate? (A) No parking (B) Overtaking zone (C) Parking area (D) No right turn				✓
440.	 What does this traffic sign indicate? (A) No parking (B) No left turn (C) Parking area (D) Right turn		✓		
441.	 What does this traffic sign indicate? (A) No right turn (B) No left turn (C) No U-turn (D) Overtaking zone			✓	
442.	 What does this traffic sign indicate? (A) No parking (B) Maximum speed limit (C) Parking area (D) Destination		✓		

Q.No.	Question	Correct Answer			
		A	B	C	D
443.	 What does this traffic sign indicate? (A) Parking (B) Overtaking zone (C) Vehicle width limit (D) School			✓	
444.	 What does this traffic sign indicate? (A) No overtaking (B) Overtaking zone (C) One-way road (D) Two-way road	✓			
445.	 What does this traffic sign indicate? (A) No turning (B) Curve (C) End of speed limit (D) No horn				✓
446.	 What does this traffic sign indicate? (A) Stop (B) Stop, look and go (C) Parking area (D) Go straight only		✓		
447.	 What does this traffic sign indicate? (A) No parking (B) Overtaking zone (C) Parking area (D) End of speed limit				✓
448.	 What does this traffic sign indicate? (A) No straight ahead (B) Go straight only (C) Stopping point (D) Turn left ahead		✓		
449.	 What does this traffic sign indicate? (A) Go straight only (B) Go in any direction (C) Turn left ahead (D) End of speed limit			✓	
450.	 What does this traffic sign indicate? (A) Go in any direction (B) Go straight, left or right (C) Turn left (D) Turn right	✓			

Q.No.	Question	Correct Answer			
		A	B	C	D
451.	 What does this traffic sign indicate? (A) Turn right (B) Small roundabout — give way to right (C) Take a round turn (D) Right curve		✓		
452.	 What does this traffic sign indicate? (A) Vehicle weight limit (B) Axle weight limit (C) Vehicle length limit (D) Vehicle width limit	✓			
453.	 What does this traffic sign indicate? (A) Turn right (B) Go straight (C) Turn left (D) Turn around			✓	
454.	 What does this traffic sign indicate? (A) Left curve (B) Keep left of your vehicle (C) Turn left (D) Turn right		✓		
455.	 What does this traffic sign indicate? (A) One-way traffic (B) Two-way traffic (C) Proceed straight (D) Go ahead	✓			
456.	 What does this traffic sign indicate? (A) Stop, look, and give way (B) Stop (C) Stop and go (D) Go			✓	
457.	 What does this traffic sign indicate? (A) No trucks (B) No vehicles (C) No parking (D) Overtaking zone	✓			
458.	 What does this traffic sign indicate? (A) Vehicle height limit (B) Vehicle length limit (C) Vehicle width limit (D) Proceed only 10 meters ahead		✓		

Q.No.	Question	Correct Answer			
		A	B	C	D
459.	 What does this traffic sign indicate? (A) Vehicle width limit (B) Must be exactly 4.4 meters wide (C) Axle weight limit (D) Vehicle height limit				✓
460.	 What does this traffic sign indicate? (A) Vehicle width limit (B) Axle weight limit (C) Vehicle height limit (D) Vehicle length limit		✓		
461.	 What does this traffic sign indicate? (A) Animal-drawn carts prohibited (B) All vehicles prohibited (C) Vehicle weight limit (D) Only carts allowed	✓			
462.	 What does this traffic sign indicate? (A) Circle (B) Go in a roundabout (C) Destination (D) Temporary "Go" sign				✓
463.	 What does this traffic sign indicate? (A) Y-junction (B) T-junction (C) Road ends (D) Turn to T		✓		
464.	 What does this traffic sign indicate? (A) Falling rocks (B) Roadwork ahead (C) Danger (D) Safe area			✓	
465.	 What does this traffic sign indicate? (A) Two-way straight ahead (B) Two-way road (C) Vehicles may come from front (D) One-way road	✓			
466.	 What does this traffic sign indicate? (A) Two-way straight road ahead (B) Vehicles may come from front (C) Two-way road ahead (D) One-way road			✓	

Q.No.	Question	Correct Answer			
		A	B	C	D
467.	 What does this traffic sign indicate? (A) Turn left (B) Turn right (C) Curve (D) Roundabout		✓		
468.	 What does this traffic sign indicate? (A) Right turn (B) Sharp right turn (C) Left turn (D) Curve		✓		
469.	 What does this traffic sign indicate? (A) Narrow bridge (B) Narrow road (C) One-way road (D) Two-way road	✓			
470.	 What does this traffic sign indicate? (A) Slippery road (B) Hill climb (C) Steep incline (D) Raised road			✓	
471.	 What does this traffic sign indicate? (A) Dangerous sunken road (B) Dangerous elevated road (C) Downhill road (D) Go straight ahead	✓			
472.	 What does this traffic sign indicate? (A) Narrow bridge (B) Road narrowing from both sides (C) Narrow road (D) One-way road		✓		
473.	 What does this traffic sign indicate? (A) Landslide area (B) Steep uphill (C) Riverbank (D) Dangerous cliff	✓			
474.	 What does this traffic sign indicate? (A) Road narrowing from the left (B) Overtaking lane (C) Road narrowing from the right (D) Go ahead			✓	

Q.No.	Question	Correct Answer			
		A	B	C	D
475.	 What does this traffic sign indicate? (A) S-junction (B) Overtaking lane (C) Turn (D) Double bend, first to the left				✓
476.	 What does this traffic sign indicate? (A) Y-junction (B) T-junction (C) Branch road (D) Go ahead	✓			
477.	 What does this traffic sign indicate? (A) Left turn (B) Vehicle may come from the left (C) Left curve (D) Right vehicle		✓		
478.	 What does this traffic sign indicate? (A) Vehicle may come from the right (B) Overtaking lane (C) Parking area (D) Go ahead	✓			
479.	 What does this traffic sign indicate? (A) Dirt road (B) Police post (C) Crossroad (D) Roundabout				✓
480.	 What does this traffic sign indicate? (A) Vehicle width limit (B) Height limit ahead (C) Axle weight limit (D) Vehicle length limit		✓		
481.	 What does this traffic sign indicate? (A) Hospital (B) Roads in all directions (C) Branch road ahead of intersection (D) Main road ahead of intersection				✓
482.	 What does this traffic sign indicate? (A) Main road ahead of intersection (B) Branch road ahead of intersection (Junction) (C) Roads in all directions (D) Turn left or right		✓		

Q.No.	Question	Correct Answer			
		A	B	C	D
483.	 What does this traffic sign indicate? (A) Steep descent (B) Steep ascent (C) Accident zone (D) Trucks only	✓			
484.	 What does this traffic sign indicate? (A) National park (B) Conservation area (C) Domestic animals (D) No animals allowed			✓	
485.	 What does this traffic sign indicate? (A) Airport (B) Low-flying aircraft (C) Aircraft may approach ahead (D) High speed		✓		
486.	 What does this traffic sign indicate? (A) Uphill (B) Downhill (C) Raised road (D) Dip			✓	
487.	 What does this traffic sign indicate? (A) Left branch road (B) Turn left (C) Right branch road (D) Go ahead			✓	
488.	 What does this traffic sign indicate? (A) Series of Y-junctions (B) Left turn (C) Right turn (D) Go straight ahead	✓			
489.	 What does this traffic sign indicate? (A) Speed limit ends (B) Two-way road ends (C) One-way road (D) Two-way road		✓		
490.	 What does this traffic sign indicate? (A) Utility pole (B) Decorative light (C) Traffic light (D) Cat's eye			✓	

Q.No.	Question	Correct Answer			
		A	B	C	D
491.	 What does this traffic sign indicate? (A) Wild animals (B) Dense forest (C) National park (D) Tiger	✓			
492.	 What does this traffic sign indicate? (A) Children (B) Pedestrians ahead (C) Zebra crossing (D) School zone		✓		
493.	 What does this traffic sign indicate? (A) River bank (B) Steep descent (C) Steep ascent (D) Vehicle weight measurement	✓			
494.	 What does this traffic sign indicate? (A) River bank (B) Railway (C) Unguarded railway crossing (D) Dangerous road			✓	
495.	 What does this traffic sign indicate? (A) Roadwork ahead (B) Street cleaning (C) Uphill road (D) Downhill road	✓			
496.	 What does this traffic sign indicate? (A) No entry (B) Speed bump (C) Check post (D) Weigh bridge			✓	
497.	 What does this traffic sign indicate? (A) Pedestrians ahead (B) Children (C) Zebra crossing (D) School zone		✓		
498.	 What does this traffic sign indicate? (A) Sharp left turn (B) Left turn (C) Right turn (D) Downhill road	✓			

Q.No.	Question	Correct Answer			
		A	B	C	D
499.	 What does this traffic sign indicate? (A) Domestic animals (B) Forests (C) Forests, wildlife reserves (D) Zoos			✓	
500.	 What does this traffic sign indicate? (A) T-junction (Left and Right turn) (B) Y-junction (C) Sharp turn (D) Sharp left turn	✓			

Instructions to offices

- a. While preparing the written examination question paper, offices must use only the questions included in this collection.
- b. The duration of the written examination shall be 30 minutes.
- c. A candidate must obtain a minimum of 60 marks to pass the written examination.
- d. Questions must be asked from each section in the following quantity and with the following weightage:

S.N.	Question Area	Total Question Pool	Questions asked in the exam		
			Questions in Exam	Marks per Question	Total Marks
1	Knowledge Related to Vehicle Operation	130	6	4	24
2	Knowledge of Vehicle Laws	90	5	4	20
3	Technical and Mechanical Knowledge of Vehicles	80	3	4	12
4	Conceptual Knowledge of Environmental Pollution	30	2	4	8
5	Knowledge on Accident Awareness	60	3	4	12
6	Knowledge of Traffic Signals	110	6	4	24
	Total	500	25	-	100
