# FOREWORD

The Education Management Information System (EMIS) report for the fiscal year B.S. 2080/081 (2023/24 A.D.), published by University Grants Commission (UGC), Nepal compiles and shares key statistical data on higher education in the country. It offers comprehensive insights into various aspects of higher education, covering Central and Provincial Universities, Medical Academies, and their constituent and affiliated campuses, including both community and private institutions. The report provides information on the number of campuses, enrollment statistics, Gender Parity Index (GPI), Gross Enrollment Ratio (GER), graduation and pass rates, government funding, and notable trends observed over the past seven years.

The report highlights the geographical distribution of higher education institutions, with the majority located in Hilly regions, followed by the Tarai and Mountainous areas. Most students are enrolled in constituent campuses, with Bagmati Province reporting the highest number of enrollments. Data on gender composition indicates that female students outnumber their male counterparts, and the Management faculty has the highest student enrollment. Nepal's Gross Enrollment Ratio in higher education is 22%, with a Gender Parity Index of 1.3.

Campus sizes vary significantly based on student numbers. While 505 (35.27%) campuses have fewer than 100 students, 50 campuses accommodate more than 2,000 students. The report also identifies key trends, such as a steady increase in overall enrollment, rising female participation, growing numbers of graduates, and the expansion of higher education campuses. Currently, 633,053 students are enrolled in national higher education institutions, while 59 campuses affiliated with foreign universities has approximately 28,073 students.

The UGC expresses sincere gratitude to the universities and medical institutions for sharing valuable data and insights, which were crucial to compiling this report. Their collaboration and commitment to accuracy are highly appreciated. The UGC also acknowledges the efforts of everyone involved in preparing the EMIS report, with special recognition for the dedicated staff and experts whose contributions were vital to its successful completion and publication.

# ACKNOWLEDGEMENTS

This report has been prepared based on the data provided by the Office of Controller of Examination of Universities and their Dean's offices. University Grants Commission Nepal highly acknowledges their kind cooperation and support. UGC would like to express thankful appreciations to the contribution made by Mr. Dipak Bahadur Shahi, Mr. Mohammad Umar, Mr. Binod Shrestha, Mr. Jaluram Yadav, Mr. Pushkar Maharjan, Mr. Dhurba Rimal and Ms. Rupa from Tribhuvan University; Similarly, thankful appreciations go to Mr. Shekhar Dhungana from Kathmandu University; Ms. Archana Shrestha from Patan Academy of Health Sciences; Mr. Lok Raj Dhakal from Pokhara University; Mr. Dharendra Kr. Mallick from Purbanchal University and staffs responsible for data management from Far-Western University (Prakash Saud), Mid-West University (Prof. Dr. Chandra P. Rijal), Agriculture and Forestry University, National Academy of Medical Sciences, Lumbini Buddhist University, Nepal Sanskrit University, Pokhara Academy of Health Sciences, Nepal Open University, Rajarshri Janak University, Karnali Academy of Health Sciences, Gandaki University, Lumbini Technical University (LTU), Madesh Agriculture University(MAU), Madan Bhandari University of Science and Technology (MBUST), Manmoham Technical University (MTU), BP Koirala Institute of Health Sciences and Madan Bhandari Academy of Health Sciences (MBAHS). Developing and maintaining H-EMIS is a collaborative work, contribution of the participating organizations and HEIs are crucial for up keeping the data system and publication of this annual report regularly, we remain confident for continued cooperation and support of all stakeholders in future endeavors.

UGC highly appreciates their contributions. UGC also appreciates the special contribution of all the concerned staffs of the commission in the publication of this report.

## EXECUTIVE SUMMARY

This annual UGC EMIS report B.S 2080/081(2023/24 A.D), the sixteenth edition, presents the status of higher education in Nepal in the year 2080/081, In the year 2080/81, there are altogether 24 universities and medical academies, out of total seventeen are full universities(Central and provincial): Tribhuvan University (TU), Kathmandu University (KU), Pokhara University (PoKU), Purbanchal University (PU), Nepal Sanskrit University (NSU), Lumbini Buddhist University (LBU), Agriculture and forestry University (AFU), Mid-West University (MU), Far-Western University (FWU), Nepal Open University (NOU), Rajarshi Janak University (RJU), Gandaki University (GU), Lumbini Technical University (LTU),Madesh Agriculture University(MAU),Madan Bhandari University of Science and Technology (MBUST), Manmoham Technical University (MTU) and recently Parliament passed Yogmaya Ayurveda University(YAU) bill. Seven medical academies: National Academy of Medical Sciences (NAMS),B.P. Koirala Institute of Health Sciences (BPKIHS), Patan Academy of Health Sciences (PAHS), Karnali Academy of Health Sciences (KAHS),Pokhara Academy of Health Sciences (PokAHS), Rapti Academy of Health Sciences (RAHS) and Madan Bhandari Academy of Health Sciences(MBAHS) as provincial deemed university(academy) first time in Nepal.

From the year 2080/81 one new provincial university Lumbini Technical University (LTU) has also started to provide technical education in different courses to the students. Currently, sixteen full universities and seven medical academies and their constituent and affiliated campuses are providing education on different programs of different faculties to the students. Fifty-nine colleges affiliated to foreign universities are also providing education in different level of programs with around 28 thousand students.

In the year 2023/024, there are altogether 1,432 higher education campuses, among them 164 constituent (11.4 percent) campuses, 545 community (38.06 percent) campuses, and 723 private (50.49 percent).Out of total, TU has 1,115 campuses (62 constituent and 1053 affiliated campuses).

In terms of the ecological belts 58.94 percent (844) campuses are located in Hill, 36.10 percent (517) campuses in the Tarai and 4.96 percent (71) campuses in the Mountain. In terms of the provinces, Bagmati 43.58% (624), Gandaki 8.94% (128),Karnali 4.05%(58), Koshi 14.32% (205), Lumbini 13.97% (200), Madhesh 8.59% (123), Sudurpashchim 6.56% (94).

### Enrollment in Higher Education

In the year 2023/024, total 633,053 students are enrolled in Higher Education. Tribhuvan University (TU) accounts for the largest share of student enrollment, with 491,299 students, representing 77.61% of the total enrolled population, highlighting its dominant position in higher education. The second-largest shares are Purbanchal University (PU) and Pokhara University (PoKU), enrolling 39,780 (6.28%) and 35,200 (5.56%) students, respectively. Kathmandu University (KU) follows with 21,053 students (3.33%), and Far-Western University (FWU) enrolls 19,356 students (3.06%).

The rest of the universities, including agriculture-focused AFU (4,066 students, 0.64%) and NSU (3,295 students, 0.52%), have smaller contributions to the total enrollment. Notably, several specialized or newer institutions, such as Mid-West University (MU) with 11,171 students (1.76%) and Nepal Open University (NOU) with 1,634 students (0.26%), play a modest role. Others, such as MBUST, LTU, and MAU, report minimal enrollments with near-zero shares.

Medical and health-focused academies like BPKIHS, PAHS, and MBAHS collectively hold a small percentage, indicating their specialized nature. BPKIHS leads among them with 1,459 students (0.23%), while institutions like PAHS (250 students, 0.04%) and KAHS (181 students, 0.03%) are comparatively smaller. The gender-wise breakdown of student enrollment across various faculties, categorized as non-technical and technical disciplines. Overall, there are 633,053 students, with 274,913 males (43.4%) and 358,140 females (56.57%), reflecting a higher female representation. Among the faculties, Management leads with 282,836 students (44.68%), where females outnumber

males significantly (162,733 females vs. 120,103 males). Similarly, Education, the second-largest faculty with 139,417 students (22.02%), shows a strong female majority (100,230 females vs. 39,187 males).

In technical fields, Science and Technology (S&T) has the highest enrollment with 43,886 students (6.93%), though males dominate slightly (26,698 males vs. 17,188 females). Engineering follows closely with 33,474 students (5.29%), showing a significant male majority (25,306 males vs. 8,168 females). In contrast, Medicine enrolls 31,288 students (4.94%), with females making up the majority (18,608 females vs. 12,680 males). Smaller faculties, such as Forestry (1,719 students, 0.27%), Buddhist Studies (487 students, 0.08%), and Sanskrit (1,876 students, 0.30%), collectively contribute a minor share, with Forestry and Buddhist Studies showing relatively balanced gender distributions, while Sanskrit is male-dominated.

The distribution of student enrollment across Nepal's three ecological belts. The Hill region accounts for the majority, with 351,181 students (55.47%), reflecting its central role in education. The Tarai region follows, enrolling 265,651 students (41.96%), highlighting its significant contribution. In contrast, the Mountain region has the smallest enrollment, with only 16,221 students (2.56%), indicating limited access to or availability of educational institutions in this region. Overall, the total enrollment across all belts is 633,053 students, with the Hill and Tarai regions collectively comprising over 97% of the total, emphasizing the regional disparities in student distribution.

### Share of Girls in HE Enrollment

The percentage of girls' students enrolled in Nepal's universities, revealing that girls' constitute 56.5% of the total university population, with 633,053 students in total. Among the universities, the highest percentage of girls' enrollment is observed at PoKAHS (75.0%), PAHS (74.8%), and NAMS (74.3%), demonstrating significant girls' representation. Similarly, Far Western University (FWU) also has a notable proportion, with 66.3% girls' students.

Tribhuvan University (TU), the largest university by enrollment with 491,299 students, has 58.4% girls' students. Percentage of girls' students across different levels of university education in Nepal. The girls' representation is highest at the bachelor's level, with 57.61% of students being women, indicating strong gender parity at the undergraduate stage. At the master's level, the proportion drops to 48.71%.

The percentage of girls' students in each faculty total enrollment is seen highest in the Education faculty, where girls' account for 71.89% of the total students, followed by Medicine (59.47%) and Management (57.54%), indicating strong participation in these fields. Similarly, the Humanities and Social Sciences (HSS) faculty also has a notable girls' presence, with 53.68% representation. In contrast, faculties like Engineering (24.4%), Science and Technology (39.17%), and Sanskrit (14.50%) exhibit significantly lower girls' enrollment.

### Gender Parity Index (GPI)

The females outnumber males in higher education enrollment, with 358,140 females enrolled compared to 274,913 males. The total Gender Parity Index (GPI) is 1.3 indicating that for every male enrolled, there are 1.3 females.

### Pass Percentage

The highest pass rates are observed at PAHS and KAHS, both achieving a perfect 100%, followed closely by NAMS (95%) and BPKIHS (92.44%), indicating exceptional academic performance in these institutions, particularly in the medical field. Kathmandu University (KU) also demonstrates a strong pass rate of 90%. Some universities report considerably lower pass rates, such as Tribhuvan University (30.1%) and Nepal Sanskrit University (30%), pointing to potential challenges in academic outcomes. Other institutions, including Pokhara University (45%), Far Western University (40.1%), and Mid-Western University (44.7%), exhibit moderate pass rates, while institutions like Lumbini Boudha University (68%) and Agriculture and Forestry University (66%) perform relatively better.

## Graduates

Tribhuvan University (TU) dominates with 74,149 graduates, accounting for 76% of the total graduates, reflecting its position as the largest and most influential university in Nepal. Other universities, such as Pokhara University (7.84%) and Purbanchal University (8.05%), contribute moderately to the total graduate pool, with 7,651 and 7,856 graduates, respectively. Kathmandu University (KU) also plays a notable role with 3,077 graduates (3.15%). Smaller universities like Mid-Western University (1.36%), Far Western University (1.22%), and Agriculture and Forestry University (0.89%) show limited contributions to the total graduate population.

## Gross Enrollment Ratio (GER)

The total student enrollment in higher education institutions across Nepal is 633,053, with 274,913 male students and 358,140 female students. Additionally, there are 28,073 students enrolled in foreign university-affiliated campuses within Nepal, bringing the total enrollment to 661,126. Among the population aged 18-22, which totals 3,000,698 (1,544,855 males and 1,455,843 females), the GER for higher education stands at 22% including both domestic national institutions and foreign-affiliated campuses. Disaggregated by gender, the GER for females is higher at 24.6%, compared to 17.8% for males, highlighting a greater proportion of females accessing higher education relative to their population in the specified age group.

## Public Financing

The universities have been receiving block grants (i.e. regular and development grants) and the community campuses get small token grants through UGC. In case of medical academies, the funds are made available directly through the Ministry of Health and Population. Government public financing allocated to Nepal's universities and boards from the fiscal year 2017/18 to 2023/24 steadily increased from NPR 9,300 million in 2017/18 to NPR 17,457 million in 2023/24, reflecting a growing investment in higher education infrastructure and institutions. Tribhuvan University consistently received the highest funding, climbing from NPR 6,730 million in 2017/18 to NPR 12,265 million in 2023/24.

## Teachers

In year 2023/024, the total numbers of teaching staffs (i.e constituent campuses) are 12,082, among them, 1,120 are professors, 2,983 are readers, 6,174 are lecturers, and 1,599 are assistance lectures and 200 are instructors.

## Student-Teacher Ratios

Tribhuvan University (TU) leads with 174,487 students and 8,122 teachers, resulting in a moderate ratio of 21:1. Far-Western University (FWU) and Kathmandu University (KU) follow with 19,356 and 12,185 students, respectively, but FWU has a significantly higher ratio of 47:1, indicating limited teacher availability compared to KU's 25:1.

On the other hand, medical-focused academies like the Patan Academy of Health Sciences (PAHS), National Academy of Medical Sciences (NAMS), and Pokhara Health Sciences Academy (POKAHS) boast exceptional student-teacher ratios of 1:1, reflecting their emphasis on personalized and intensive training. In contrast, Nepal Open University (NOU) has the highest ratio of 102:1, signaling potential challenges in teaching resources.

## Campus Enrollment range

Out of the total campuses, 505 campuses (35.27% of total) have enrollments of 100 or fewer students, indicating a high prevalence of small institutions, particularly among community and private campuses. Constituent campuses, on the other hand, exhibit greater diversity in size, with a few significantly larger institutions, including two campuses with enrollments exceeding 10,000.

# INTRODUCTION

Information about the status of higher education is of utmost importance to the policy maker and the government. The higher education refers to bachelors, post graduate diploma (PGD), masters, M. Phil, and PhD level of programs. UGC has been publishing status of the higher education in the consolidated form in the form of EMIS report annually. The EMIS report presents information about higher education in Nepal through disaggregated and comprehensive data.

UGC established an Education Management Information System (EMIS) under the Second Higher education Project (SHEP, 2007-2014) with support from the World Bank, to ensure quality of the data regarding higher education by standardizing the process of data collection, their effective management and timely publication. Accordingly, a set of EMIS indicators have been prepared.

This is our fifteenth attempt to bring out a comprehensive EMIS report about the higher education. The main purpose of this volume is to provide adequate, accurate, timely and reliable data to the education stakeholders.

This EMIS Report on the higher education has covered a broad range of topics that include information about the higher education institutions (universities, medical academies and their campuses), student enrollment, gross enrollment rates (GER), pass rates, gender parity index (GPI), graduates, teachers, public financing, higher education system, trend analysis and academic programs.

## 1.1 Organization of the Report

There are thirteen sections in the report: the first section provides introduction to the report, the second provides background information on universities, number of their campuses, distribution of the campuses by the provinces and the third gives university-wise information on enrollment status, type of campuses, location, and level of programs.

Section four provides data on GPI. Section five provides information on pass rates of the universities. Section six presents information distribution of graduates by university. Section seven provides the GER.

Section eight presents information on the government financing for universities channeled through the UGC. Information on teachers is presented in section nine. Section ten lists the Student/Teacher Ratio (STR) in the constituent campuses of the universities. Section eleven provides the student enrollment size of the campus by type of campus. The twelfth section analyses the trends of total campuses, enrollment, graduates, and public financing. Thirteenth section provides data about the foreign university affiliated campuses.

The annexure is followed by the main text of the report. It includes a total of seven annexes. Annex one provides definitions of concepts and terminologies used in the report. The second one a brief description of the higher education system in Nepal and the third annex presents brief descriptions of the universities and academies. Annex four contains information about report preparation. Annex five contains the detailed enrollment information of campuses in various faculties, programs and levels. The remaining two annexes sixth and seventh present EMIS indicators and a brief introduction of the UGC.

## 1.2 Methodology

This report is prepared with contributions of the concerned universities through their Office of the Controller' of Examination (OCE) and Dean's Offices, Central Bureau of Statistics (CBS). The data were collected from OCE of universities and their Dean's offices.

### 1.2.1 Data Collection

Data is collected from the OCE's of universities and their Dean's office using email, phone calls, and direct visits to the OCEs and Dean's offices. Data is collected in the spread sheet format.

### 1.2.2 Data Processing:

The EMIS section has created a simple database system to store and manage the data of campuses of the universities. The collected data were preprocessed and transformed to the format required by the database. The system is maintained carefully so as to have control over the collected data, their coding, entry and verification.

## 1.3 Scope and Limitations

Data collection process is still a very time-consuming process as all of the universities have not maintained proper computerized information system. The proper implementation of the academic calendar has been a challenge for some of the big universities, that has made the data collection process even difficult.

## 1.4 Data in Maps

Four maps are developed for the pictorial representation of the distribution of campuses, students in provinces.

Table 2.1 provides an overview of higher education institutions in Nepal for the academic year 2080/081 (2023/24), detailing the number of students, campuses, graduates, and teachers across various universities and medical academies. The universities include Tribhuvan University (TU),

Kathmandu University (KU), Pokhara University (PokU), Purbanchal University (PU), Nepal Sanskrit University (NSU), Lumbini Buddhist University (LBU), Agriculture and Forestry University (AFU), Mid-West University (MU), Far-Western University (FWU), Nepal Open University (NOU), Rajarshi Janak University (RJU), Gandaki University (GU), Lumbini Technical University (LTU), Madesh Agriculture University (MAU), Madan Bhandari University of Science and Technology (MBUST), Manmohan Technical University (MTU), and the recently established Yogmaya Ayurveda University (YAU). Additionally, there are seven medical academies: the National Academy of Medical Sciences (NAMS), B.P. Koirala Institute of Health Sciences (BPKIHS), Patan Academy of Health Sciences (PAHS), Karnali Academy of Health Sciences (KAHS), Pokhara Academy of Health Sciences (PokAHS), Rapti Academy of Health Sciences (RAHS), and Madan Bhandari Academy of Health Sciences (MBAHS).

Tribhuvan University (TU) leads with the highest enrollment of 491,299 students, representing 77.61% of the total, and has the largest number of campuses (1,115 in total). Provincial universities like MAU, LTU, and GU have significantly smaller enrollments, with much lower shares of the total student population. Medical institutions such as NAMS and BPKIHS focus on health-related education, with NAMS enrolling 459 students and BPKIHS enrolling 1,459. The total enrollment across all institutions is 633,053 students, with 97,564 graduates and 12,082 teachers. In total, there are 24 universities/academies with 1,432 campuses spread across Constituent, private, and community campus types, reflecting the diverse higher education system in Nepal.

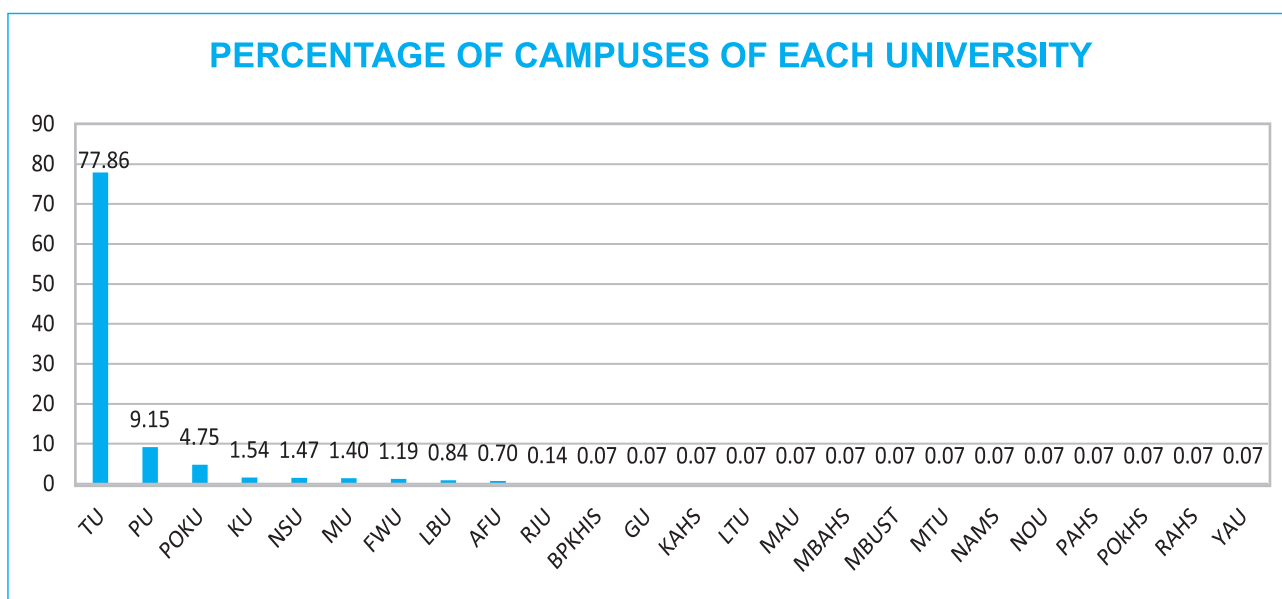

Figure 2.1 Percentage of campuses of each university

The above figure shows the distribution of campuses across various universities. The university with the highest percentage of campuses is TU (77.86%), followed by PU (9.15%). Other universities have significantly smaller percentages, with most having less than 1% of the total campuses. Some universities, like BPKIHS, GU, and YAU, each have only 0.07% of the campuses. This indicates that TU and PU dominate the campus distribution, while the other institutions have minimal presence. Table 2.2 Number of campuses of universities by educational levels\*

The table 2.2 illustrates the distribution of campuses across various universities at different educational levels. TU stands out with the highest number of campuses, particularly in Bachelor's and Master's programs, totaling 1,030 and 296 respectively. Other universities like PU, POKU, and KU also have a notable number of campuses, especially at the Bachelor's and Master's levels, though their numbers are much smaller compared to TU. A significant portion of the other universities have only a few campuses, mostly offering Bachelor's and Master's degrees, with minimal representation in advanced levels like MPhil, PGD, and PhD. In total, there are 1,325 Bachelor's campuses, 426 Master's campuses, and smaller numbers in MPhil (8), PGD (2), and PhD (15).

The table 2.3 shows that TU has the highest number of campuses across most faculties, especially in Education, Management, and HSS. Other universities like PU and POKU have notable numbers in Engineering and Management, though their campus numbers are much smaller. Many smaller universities, such as FWU, MU, and KU, have limited campus presence in specific faculties like Education, Engineering, and Management. Some universities like NSU focus more on faculties like Sanskrit and Education, with minimal representation in other areas. Overall, TU leads in campus distribution, while other institutions show more specialized or focused presence. Table 2.4 Number of Campuses and their share percentage by campus type

Private	723	50.49
<b>Total</b>	<b>1432</b>	<b>100.00</b>

The table 2.4 shows the distribution of campuses by type. Private campuses make up the largest share, with 723 campuses, accounting for 50.49% of the total. Community campuses follow closely with 545 campuses, representing 38.06% of the total. Constituent campuses have the smallest share, with 164 campuses, making up 11.45%. In total, there are 1,432 campuses across all types.

Table 2.5 reveals that Bagmati has the highest number of campuses, with Private campuses (413) making up the majority. Other provinces like Lumbini and Koshi have a significant number of Community campuses, while Madhesh shows a higher proportion of Private campuses. Karnali and Sudurpashchim have fewer campuses overall, with Community campuses being the most common type. In general, Private campuses are most prominent in Bagmati, while Community campuses are more evenly distributed across other provinces.

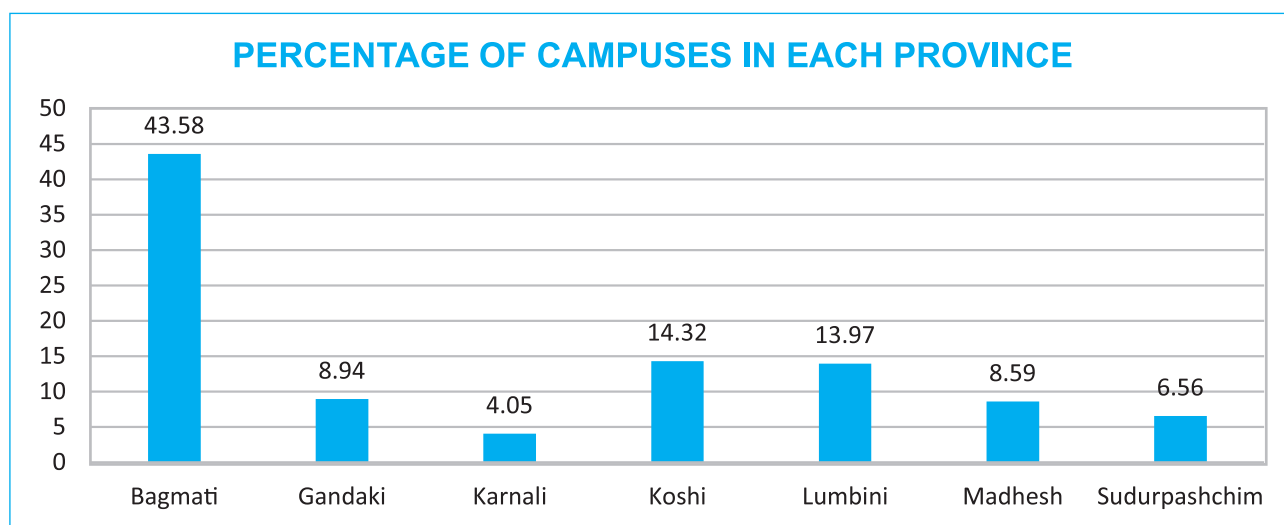

Figure 2.3 Percentage of campuses in each Province

The figure 2.3 outlines the distribution of campuses across the provinces of Nepal in percentage terms. Bagmati Province has the highest concentration of campuses, representing 43.58% of the total, significantly surpassing all other provinces. Koshi and Lumbini follow with 14.32% and 13.97%, respectively. Gandaki and Madhesh contribute moderately with shares of 8.94% and 8.59%, while Sudurpashchim and Karnali have the smallest shares, accounting for 6.56% and 4.05%, respectively. This indicates a considerable regional disparity, with Bagmati Province hosting the largest proportion of campuses.

The table 2.6 illustrates the distribution of campuses for each university across the seven provinces. TU dominates with 1,115 campuses, having the largest presence in Bagmati (484) and significant numbers in Koshi (159) and Lumbini (161). PU follows with 123 campuses, primarily in Bagmati (60) and Koshi (34). Other universities like POKU, KU, and NSU have much smaller distributions, with campuses concentrated in specific provinces such as Bagmati and Gandaki. Smaller universities like FWU are limited to one or two provinces, such as Sudurpashchim for FWU (17 campuses). Overall, Bagmati has the highest concentration of campuses (624), while provinces like Karnali (58) and Sudurpashchim (94) have the least representation.

Table 2.7 shows the distribution of campuses across various faculties by province. Bagmati leads in most faculties, with a significant concentration in Management (388), Education (140), and HSS (205). Lumbini also has notable numbers in Education (105) and Management (140). Koshi and Gandaki have strong presences in Education (101 and 70, respectively) and Management (128 and 80). Madhesh has a balanced presence in Education (71) and Management (74), while Sudurpashchim is notable in Education (68) and HSS (33). Karnali has the lowest overall numbers, with Education (39) and Management (26) being the primary faculties. Overall, Education and Management dominate across all provinces, while other faculties like Forestry and Sanskrit are sparsely represented.

Table 2.8 Number of campuses by levels of education and provinces

Lumbini	194	47	0	0	1
Madhesh	117	33	0	0	0
Sudurpashchim	91	26	0	0	0

The table 2.8 illustrates the distribution of campuses by educational levels across provinces. Bagmati leads in all categories, with 546 Bachelor's campuses, 204 Master's, and the highest numbers of MPhil (6), PGD (2), and PhD (11) campuses. Koshi and Lumbini follow, with 197 and 194 Bachelor's campuses, respectively, and smaller numbers at higher levels. Gandaki, Madhesh, Karnali, and Sudurpashchim have fewer campuses overall, with Bachelor's campuses being dominant in all provinces. The MPhil, PGD, and PhD levels are limited, with only Bagmati showing significant numbers. This highlights a concentration of higher-level education opportunities in Bagmati.

The table highlights the distribution of campuses across Nepal's ecological belts. The Hill region hosts the majority of campuses, with 844 campuses, accounting for 58.94% of the total. The Tarai region follows, with 517 campuses, representing 36.10%. The Mountain region has the fewest campuses, with 71, making up only 4.96%. This indicates a significant concentration of educational institutions in the Hill and Tarai regions, with limited accessibility in the Mountain belt.

## Enrollment in Higher Education

This section presents information about the number of students enrolled in universities and medical academies, faculties, institutes, level of programs offered, types of campuses, provinces and ecological belts. In year 2023/024, 633,053 students are enrolled in 1,432 campuses of sixteen universities and seven medical academies.

	<b>Grand Total</b>	<b>274,913</b>	<b>358,140</b>	<b>633,053</b>	<b>100.00</b>

The table 3.1 presents data on student enrollment by gender across Central Universities, Provincial Universities, and Medical Academies. In total, there are 633,053 students enrolled, with a male population of 274,913 and a female population of 358,140. Central Universities account for the largest share of enrollments at 94.33%, with Tribhuvan University (TU) alone comprising 77.61% of the total enrollment (491,299 students). The next largest institutions are Purbanchal University (PU) and Pokhara University (PoKU), with 6.28% and 5.56% shares, respectively. The other Central Universities, such as Kathmandu University (KU), Far Western University (FWU), and Mid-Western University (MU), each contribute smaller shares ranging from 3.33% to 1.76%.

The remaining Central Universities each have less than 1% of the total enrollment. Provincial Universities have a minimal representation, with only 759 students (0.12% of total enrollment), while Medical Academies collectively make up 0.48% of the total enrollment. Medical Academies enroll a total of 3,066 students, accounting for 0.48% of the total. B.P. Koirala Institute of Health Sciences (BPKIHS) has the largest share among the Medical Academies, with 1,459 students (0.23% of the total). Other academies, such as MBAHS and NAMS, also contribute smaller percentages of the total enrollment.

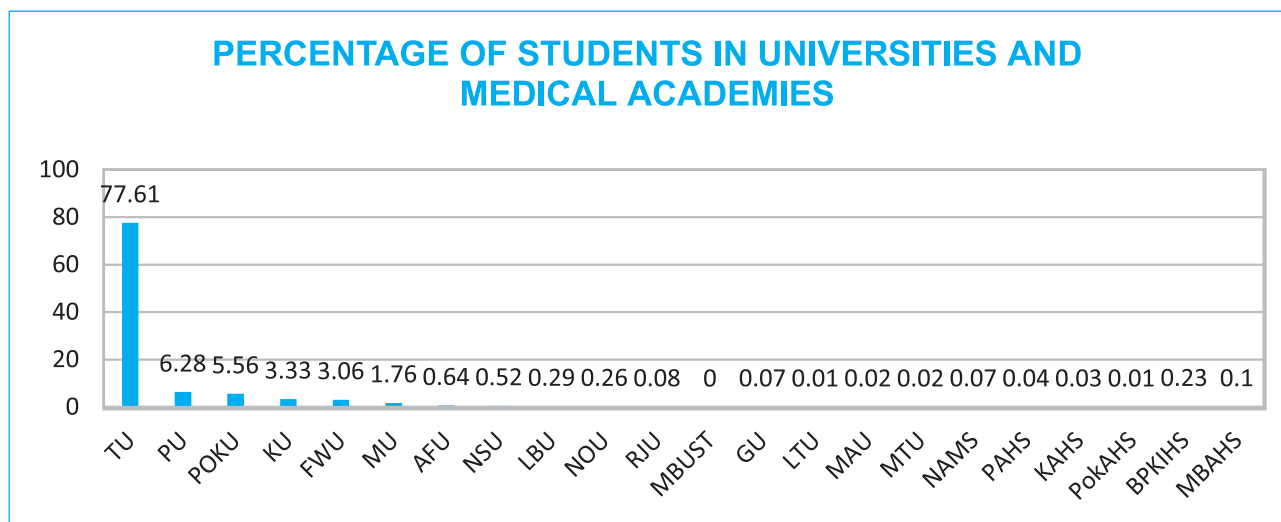

Figure 3.1 Student Share in universities and medical academies

Figure 3.1 illustrates the percentage share of student enrollment across various universities and medical academies. Tribhuvan University (TU) highest student enrollment, with around 77.61% of total students. Smaller shares are held by Purbanchal University (PU) and Pokhara University (PoKU) at 6.28% and 5.56%, respectively. The remaining Central Universities, Provincial Universities, and Medical Academies have relatively minor contributions, with each typically below 1% of the total enrollment, except for a few institutions like B.P. Koirala Institute of Health Sciences (BPKIHS), which stands out slightly among the Medical Academies.

Table 3.2 Gender-wise student enrollment in three different types of campuses.

<b>Total</b>	<b>274,913</b>	<b>358,140</b>	<b>633,053</b>	<b>100</b>

Table 3.2 shows gender-wise student enrollment across three campus types: Community, Constituent, and Private. Constituent campuses have the highest enrollment, with 237,850 students (37.6% of the total), closely followed by Community campuses with 204,230 students (32.3%), and Private campuses with 190,974 students (30.2%). Female enrollment is higher in Community and Private campuses, while Constituent campuses have a more balanced gender distribution, with a slightly higher male enrollment.

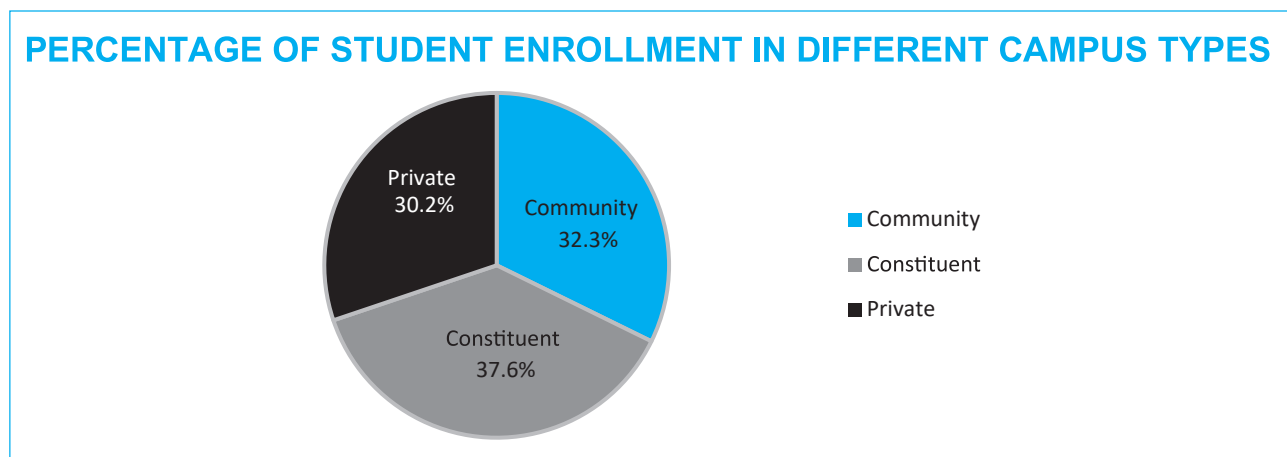

Figure 3.2 Share of students in different type of campuses

There are 37.47 percent students in Constituent, 29.95 percent students in Community Campuses, and 32.58 percent students in Private campuses.

Table 3.3 illustrates the gender-wise student enrollment across ecological belts. The Hill belt has the highest student enrollment, with 351,181 students (55.47% of the total), followed by the Tarai belt, which accounts for 265,651 students (41.96%). The Mountain belt has the smallest share, with only 16,221 students (2.56%). Female enrollment is higher across all ecological belts, particularly in the Tarai and Hill regions.

The table presents gender-wise student enrollment across technical and non-technical faculties, along with their percentage share. Among technical faculties, Science and Technology (S&T) has the highest enrollment with 43,886 students (6.93%), followed by Engineering (33,474 students, 5.29%) and Medicine (31,288 students, 4.94%). Faculties like Agriculture (5,620 students, 0.89%) and Forestry (1,719 students, 0.27%) have the lowest enrollments in this category. Male students dominate in fields such as Engineering and S&T, while females are more prevalent in Medicine.

In non-technical faculties, Management has the largest enrollment with 282,836 students (44.68%), followed by Education (139,417 students, 22.02%) and Humanities and Social Sciences (HSS) (72,682 students, 11.48%). Smaller faculties like Buddhist Studies (487 students, 0.08%) and Sanskrit (1,876 students, 0.30%) have the least enrollment. Female students dominate in fields such as Education and Management, while male students are more prominent in HSS and Law. Overall, non-technical faculties attract the majority of students, with Management contributing nearly half (44.68%) of total enrollment.

This data highlights the gender disparities across disciplines, with females dominating non-technical faculties like Management, Education, and Medicine, whereas males are more prevalent in technical fields such as Engineering, S&T, and Sanskrit.

The table shows gender-wise enrollment in various levels of academic level of study, highlighting the distribution of students across Bachelor, Master, MPhil, Postgraduate Diploma (PGD), and PhD levels. The Bachelor’s program has the higher majority of enrollments, with 567,338 students (89.61%), of which 240,474 are male and 326,864 are female. The Master’s program follows with 63,049 students (9.96%), nearly equally distributed between males (32,335) and females (30,714). Enrollment in higher-level programs is significantly lower. The MPhil program has only 999 students (0.16%), while the PhD program enrolls 1,436 students (0.23%), with males substantially outnumbering females. The PGD program accounts for the smallest share, with just 231 students (0.04%).

<b>Grand Total</b>							<b>6,33,053</b>	

The above table highlights student enrollment across different levels of programs (Bachelor, Master, MPhil, PGD, and PhD) categorized by campus type-Community, Constituent, and Private. Bachelor’s programs dominate with 567,338 students, distributed across Community (190,450), Constituent (197,989), and Private campuses (178,899). Among these, females outnumber males significantly, especially in Community and Constituent campuses. Master’s programs, comprising 63,049 students, are primarily concentrated in Constituent campuses, while Community and Private campuses contribute smaller numbers. Advanced programs like MPhil, PGD, and PhD show a limited enrollment, exclusively in Constituent and Private campuses, with PhD programs enrolling 1,182 males and 254 females, indicating a male dominance in higher level. Overall, the data demonstrates that Bachelor’s programs and female students hold the largest share across campus types and levels.

The Table 3.7 data presents student enrollment at different program levels across universities. Bachelor's programs dominate with 567,338 students, representing 89.62% of total enrollment. Tribhuvan University (TU) leads significantly, enrolling 443,942 Bachelor's students, followed by Purbanchal University (PU) with 36,027 and Pokhara University (PoKU) with 32,565. Master's programs have 63,049 students, with TU contributing the majority (46,096). Advanced research levels such as MPhil and PhD have much smaller enrollments of 999 and 1,436 respectively, with TU again hosting most of these students. Some universities, like Kathmandu University (KU), also contribute notably to advanced programs, enrolling 564 MPhil and 293 PhD students. Other universities and academies, such as BPKIHS, MBAHS, and NAMS, focus on place areas like health sciences and enroll comparatively fewer students.

The table shows the distribution of student enrollment across faculties and institutes within universities. Tribhuvan University (TU) dominates, enrolling 491,299 students across a wide range of faculties, with the largest enrollments in Management (233,021), Education (121,718), and Humanities and Social Sciences (63,703). Purbanchal University (PU) follows, with 39,780 students primarily in Management (16,834), Medicine (4,102), and Engineering (3,676). Pokhara University (PoKU) primarily focuses on Management (18,606), Engineering (12,238), and Medicine (2,137), enrolling 35,200 students. Kathmandu University (KU) has a notable presence in Medicine (10,794) and Engineering (2,407), with a total of 21,053 students. Smaller universities and institutes cater to specialized faculties. For example, Agriculture and Forestry University (AFU) focuses entirely on

Agriculture and Forestry (4,066 students), while B.P. Koirala Institute of Health Sciences (BPKIHS) and National Academy of Medical Sciences (NAMS) focus exclusively on Medicine, with 1,459 and 459 students, respectively. Overall, the largest enrollments are in Management (282,836), followed by Education (139,417), reflecting the popularity of these fields among students. Other fields such as Agriculture (5,620) and Forestry (1,719) have relatively low enrollment.

The table details student enrollment across various faculties/institutes by campus type (Community, Constituent, and Private). Management has the highest enrollment overall (282,836), distributed as 99,566 in Community, 82,759 in Constituent, and 100,511 in Private campuses. Education follows with 139,417 students, primarily concentrated in Community campuses (82,518).

Science and Technology (S&T) and Humanities and Social Sciences (HSS) are also prominent, with 43,886 and 72,682 students, respectively, spread across all campus types. Technical fields like Engineering (33,474) and Medicine (31,288) show significant enrollments, especially in Private campuses.

Smaller faculties, such as Forestry (1,719) and Sanskrit (1,876), have limited representation across campuses. Constituent campuses dominate in Agriculture, Law, and Forestry, while Private campuses lead in technical fields like Engineering and Medicine. Community campuses contribute substantially to traditional fields like Education and Management.

Table 3.10 presents the gender-wise student enrollment data across various provinces. The total enrollment in all provinces is 633,053 students, with males constituting 274,913 and females 358,140. The Bagmati province has the highest enrollment, with 135,910 male students and 142,901 female students, representing 44.04% of the total student population. The province with the second-highest number of students is Lumbini, with 31,942 males and 58,329 females, making up 14.26% of the total. Other provinces like Gandaki (6.98%), Karnali (4.01%), Koshi (13.14%), Madhesh (9.89%), and Sudurpashchim (7.68%) have smaller enrollments in comparison, with female students outnumbering males in most regions.

Table 3.11 provides a breakdown of student enrollment by faculty across various provinces. The data shows the total number of students enrolled in different faculties within each of the seven provinces: Bagmati, Gandaki, Karnali, Koshi, Lumbini, Madhesh, and Sudurpashchim. The faculty with the highest enrollment is Management, with a total of 282,836 students across all provinces. The majority of these students are from Bagmati (123,398) and Lumbini (42,554), while other provinces like Madhesh (33,380) and Koshi (38,450) also show significant numbers.

The Education faculty follows closely, with 139,417 students, with Lumbini (28,266) and Madhesh (20,890) having the largest enrollments. Science & Technology (S&T) and Medicine also account for substantial student populations. S&T enrolls 43,886 students, with Bagmati having the largest share (28,113), while Medicine enrolls 31,288 students, predominantly in Bagmati (18,619). The Engineering and Law faculties also have notable enrollments, with Engineering totaling 33,474 students, and Law totaling 19,768 students.

On the other hand, faculties like Buddhist Studies, Forestry, and Sanskrit have relatively smaller enrollments, with the Buddhist Studies faculty recording 487 students and Sanskrit having 1,876 students in total.

In terms of provincial enrollment, Bagmati leads with 278,811 students, followed by Lumbini with 90,271 students. Other provinces such as Koshi (83,170) and Madhesh (62,596) also show significant student populations, while Karnali and Gandaki have the smallest totals in comparison. In summary, the data reveals the distribution of students across various faculties and provinces, highlighting the dominance of Management, Education, and S&T faculties, with Bagmati province leading in overall enrollment.

Table 3.12 shows student enrollment across different academic levels in seven provinces. The majority of students are at the Bachelor's level, with Bagmati leading at 242,679 students, followed by Lumbini and Koshi. At the Master's level, Bagmati also has the largest enrollment, with 33,651 students. MPhil and PhD enrollments are much smaller, with Bagmati having the highest in both, particularly in PhD (1,303 students). The Postgraduate Diploma (PGD) level has a small total of 231 students, all from Bagmati. Overall, Bagmati consistently has the highest enrollment across all levels, particularly at the Bachelor's level.

Table 3.13 outlines student enrollment by province and university, showing the distribution across various institutions. The Tribhuvan University (TU) has the highest enrollment, with 491,299 students, primarily in Bagmati (208,772) and Lumbini (77,704). Other significant universities include Purbanchal University (PU), enrolling 39,780 students, and Pokhara University (PoKU), with 35,200 students, most notably in Bagmati and Koshi. Smaller universities such as Kathmandu University (KU) (21,053 students) and Agriculture and Forestry University (AFU) (4,066 students) also contribute to the total enrollment. Several smaller, specialized institutions have fewer students, such as MU (11,171), NSU (3,295), and BPKIHS (1,459). In total, 633,053 students are enrolled across all the universities, with Bagmati again having the largest share of students, totaling 278,811.

Table 3.14 shows student enrollment by university, region (Hill, Mountain, Tarai), and gender. Tribhuvan University (TU) leads with 491,299 students, with the majority from the Hill region. Other universities like PU and Pokhara University (PoKU) have notable enrollments, particularly in the Hill and Tarai regions. The total enrollment across all regions is 633,053 students, with Hill region having 161,599 males and 189,582 females, the Mountain region with 5,670 males and 10,551 females, and the Tarai region with 107,644 males and 158,007 females. The Hill region has the highest student concentration, especially among females.

Table 3.15 presents student enrollment by academic level, ecological belt (Hill, Mountain, Tarai), and gender. The majority of students are enrolled at the Bachelor's level, with 567,339 total students—140,198 males and 170,219 females in the Hill region, 5,138 males and 10,047 females in the Mountain region, and 95,138 males and 146,598 females in the Tarai region. For Master's programs, there are 63,049 students, with the Hill region again leading (19,512 males and 18,813 females). MPhil and PhD programs have fewer enrollments, with 999 students overall, and PGD has a small total of 231 students. The overall enrollment totals 633,053 students, with the Hill region

having the largest student population, particularly among females.

Table 3.16 outlines student enrollment by province, ecological belt (Hill, Mountain, Tarai), and gender. Bagmati has the largest enrollment (278,811 students), with most in the Hill region. Koshi and Lumbini also have significant numbers, especially in the Tarai region, contributing to the overall total of 633,053 students. The Hill region holds the largest share (351,181 students), followed by the Tarai region (265,651 students). Gandaki, Karnali, and Sudurpashchim have smaller enrollments, with Karnali showing a strong presence in the Mountain region. The Tarai region consistently has a higher proportion of students, especially in provinces like Lumbini and Madhesh.

## Gender Parity Index (GPI)

According to United Nations Statistics Division, “the Gender Parity Index (GPI) is calculated by dividing the female Gross Enrollment by the male Gross Enrollment for the given level of education.

$GPI = \text{Number of female students enrolled} / \text{Number of male students enrolled}$

Interpretation: A GPI of 1 indicates gender parity (equal enrollment of males and females).

A GPI greater than 1 shows a higher proportion of females enrolled compared to males.

A GPI less than 1 indicates a lower proportion of females compared to males.

The GPI is often used to assess gender equality in education systems at various levels (e.g university, or regional levels).

**Table 4.1 Gender Parity Index (GPI) and share of male and female in total population**

The data from Table 4.1 highlights gender dynamics in higher education enrollment in Nepal. Despite males having a slightly larger population in the 18-22 age group (1,544,855 males vs. 1,455,843 females), females outnumber males in higher education enrollment, with 358,140 females enrolled compared to 274,913 males. This is reflected that 24.6% of females in the age group are enrolled in higher education, significantly higher than the 17.8% for males. The Gender Parity Index (GPI) of 1.3 further underscores this trend, indicating that for every male enrolled, there are 1.3 females. These figures suggest a notable shift toward female dominance in higher education enrollment, despite a slightly smaller female population in the relevant age group.

## Pass Rate

The pass rate is calculated using the data provided by the Office of the Controller of Examinations (OCE) and Dean's offices of the universities. Eighty-eight percentage of total students belong to the bachelor level of education; Tribhuvan university, largest university in terms of number of campuses and number of students has a pass rate of 30.1 percentage in the bachelor level of education in year 2023/024.

**Table 5.1 Pass Rate of Universities**

The above table the highest pass rates are observed at PAHS and KAHS, both achieving a perfect 100%, followed closely by NAMS (95%) and BPKIHS (92.44%), indicating exceptional academic performance in these institutions, particularly in the medical field. Kathmandu University (KU) also demonstrates a strong pass rate of 90%.

Some universities report considerably lower pass rates, such as Tribhuvan University (30.01%) and Nepal Sanskrit University (30%), pointing to potential challenges in academic outcomes. Other institutions, including Pokhara University (45%), Far Western University (40.1%), and Mid-Western University (44.7%), exhibit moderate pass rates, while institutions like Lumbini Boudha University (68%) and Agriculture and Forestry University (66%) perform relatively better.

The table 6.1 shows the number of graduates across universities in Nepal. TU dominates with 74,149 graduates, contributing 76% of the total, followed by PU (7,856, 8.05%) and PoKU (7,651, 7.84%). Smaller contributions come from universities like KU (3.15%), MU (1.36%), and FWU (1.22%). Other institutions, including AFU, BPKIHS, and NAMS, collectively account for less than 1% each. The smallest contributors are RJU (0.05%) and PAHS (0.03%). This highlights TU's overwhelming dominance in graduate output compared to other universities.

Among the 97,564 total graduates, 61.50% completed Bachelor’s degrees, followed by 29.64% in Master’s programs. MPhil graduates account for 0.51%, while PGD and PhD graduates contribute only 0.02% and 0.28%, respectively.

TU remains the largest contributor, with 49,261 Bachelor’s and 24,604 Master’s graduates, with 154 PhDs, making up 76% of all graduates. PU (8.05%) and PoKU (7.84%)

The table 6.3 presents the distribution of 97,564 graduated students across various universities and faculties in Nepal. Tribhuvan University (TU) leads significantly with 74,149 graduates, contributing the highest numbers in faculties like Education (11,317), Humanities and Social Sciences (13,623), and Management (31,090). Pokhara University (PoKU) and Purbanchal University (PU) follow with 7,651 and 7,856 graduates, respectively, surpassing in fields like Management and Engineering. Management emerges as the most popular faculty, with 39,492 graduates, followed by Education with 13,237 graduates and Humanities and Social Sciences with 14,648 graduates. Medicine has 7,285 graduates, primarily from TU, PU, and Kathmandu University (KU). Smaller faculties like Buddhist Studies (78 graduates) and Sanskrit (150 graduates) have limited representation, primarily at LBU and NSU. Specialized universities such as Agriculture and Forestry University (AFU) focus entirely on Agriculture with 871 graduates, while institutions like BPKIHS and KAHS concentrate on Medicine, producing 327 and 232 graduates, respectively. This data highlights TU's dominance and the specialization of other universities in specific fields.

The table 6.4 shows that out of 97,564 graduates, the majority (61.50%) are at the Bachelor's level, with key contributions from Management (25,950), HSS (8,509), and Education (9,021). The Master's level accounts for 29.64%, led by Management (11,014) and HSS (5,798). Advanced degrees like MPhil, PGD, and PhD collectively contribute less than 1%, highlighting limited research-focused education. Management leads faculty-wise with 40.48% of total graduates, followed by HSS and Education, while smaller faculties like Agriculture and Buddhist Studies have minimal graduates. This emphasizes Nepal's focus on undergraduate education, with limited development in postgraduate and research programs.

## Gross Enrollment Ratio (GER)

“The United Nations Educational, Scientific and Cultural Organization (UNESCO), describes ‘Gross Enrollment Ratio’ as a number of students enrolled in a given level of education, regardless of age, expressed as a percentage of the official school-age population corresponding to the same level of education. For the tertiary level, the population used is the 5-year age group starting from the official secondary school graduation age (UNESCO).”

The Gross Enrollment Ratio gives information on the access and participation of the population of particular age groups in the education. In this context, five-year age group span (18-22) is used to determine the GER for higher education.

To calculate the Gross Enrollment Ratio, one must first determine the population of official school age for each level of education by reference to the theoretical starting ages and durations of the International Standard Classification of Education (ISCED97) Level 1 (primary education) and Levels 2 and 3 (secondary education) as reported by the country. The population of the official age for tertiary education is the 5-year age group immediately following the end of secondary education.” It is one of the most important indicators used to measure the participations of girls in the higher education.

The Gross Enrollment Ratio gives information on the access and participation of the population of particular age groups in the education. In this context, five-year age group span (18-22) is used to determine the GER for higher education.

Table 7.1 presents data on the Gross Enrollment Ratio (GER) for higher education in Nepal. The total enrollment in higher education institutions in Nepal is 633,053 students. Additionally, there are 28,073 students enrolled in campuses affiliated with foreign universities. The total population in the 18-22 age group is approximately 3 million. This is reflected that 24.6% of females in the age group are enrolled in higher education, significantly higher than the 17.8% for males. Based on this data, the GER for higher education in Nepal is calculated to be 22%. This suggests that around 22% of the population in the 18-22 age group is enrolled in higher education, including both domestic institutions and foreign-affiliated campuses.

Nepal's universities receive government financial support primarily through the Ministry of Education Science and Technology, with the University Grants Commission overseeing the allocation and management of these funds. In contrast, medical academies obtain their funding for higher education directly from the Ministry of Health and Population. The amount of grants allocated to each institution varies depending on the nature and specific requirements of the university.

The table highlights the distribution of the government budget to various universities and educational development projects in Nepal for the fiscal year 2023/24, amounting to a total of NPR 17,457 million. Tribhuvan University received the largest share of NPR 12,265 million, demonstrating its prominent role in the country's higher education system. Other significant recipients included the Agriculture and Forestry University (NPR 1,041 million), Nepal Sanskrit University (NPR 903 million), and Mid-Western University (NPR 620 million). Far Western University (NPR 592 million) and the Madan Bhandari University of Science and Technology Development Board (NPR 495 million) were also notable beneficiaries. Among medical infrastructure projects, the Geta Medical College received NPR 315 million, while the Bardibas Medical College and Surkhet Medical College projects received comparatively lower allocations of NPR 23 million and NPR 6 million, respectively.

## Teachers in Higher Education Constituents Campuses

This section provides information about the number of teachers in the constituent campuses of the universities excluding affiliated campuses. The universities have categorized teachers in the different levels. The major categories of teachers are presented below:

- Professors
- Readers/Associate Professors
- Lecturer/Assist. Prof
- Assistant Lecturers
- Instructors and others

Some variation exists in the category of teacher between the universities.

Table 9.1 provides a comprehensive breakdown of the number of teachers across various universities and their campuses in Nepal, classified by their academic rank. The total number of teachers in all institutions is 12,082, with the majority being Lecturers (6,174) and Readers (2,983). Tribhuvan University (TU) has the highest number of teachers, totaling 8,122, with a significant portion in the Lecturer and Reader categories. Other institutions such as Mid-West University (MU) and Far Western University (FWU) have substantial numbers of faculty, with a mix of Assistant Lecturers, Instructors, Professors, and Readers. Institutions like Gandaki University (GU) and Karnali Academy of Health Sciences (KAHS) have fewer faculty members, with GU having only 54 Lecturers. Some universities, such as Lumbini Technical University (LTU) and Madesh Agriculture University (MAU), show minimal data.

## Student-Teacher Ratios

Student-Teacher ratio (STR) measures the average number of students per teacher. It is calculated by total number of students divided by the total number of teachers visiting in the campuses.

Student to Teacher ratio of the Universities is presented below.

**Table 10.1 Student -Teacher ratio of different Universities and Medical Academies (Between Constituent campuses students and Teachers)**

S.N	University	Students	Teacher	Ratio

19	POkHS	88	102	1
20	LTU	35	6	6
21	MBUST	15	10	2

The table 10.1 highlights the student-teacher ratios in various universities and medical academies based on their constituent campuses. Among the largest institutions, Tribhuvan University (TU) leads with 174,487 students and 8,122 teachers, resulting in a moderate ratio of 21:1. Far-Western University (FWU) and Kathmandu University (KU) follow with 19,356 and 12,185 students, respectively, but FWU has a significantly higher ratio of 47:1, indicating limited teacher availability compared to KU's 25:1.

On the other hand, medical-focused academies like the Patan Academy of Health Sciences (PAHS), National Academy of Medical Sciences (NAMS), and Pokhara Health Sciences Academy (POkHS) boast exceptional student-teacher ratios of 1:1, reflecting their emphasis on personalized and intensive training. In contrast, Nepal Open University (NOU) has the highest ratio of 102:1, signaling potential challenges in teaching resources.

Smaller institutions such as MBUST, LTU, and MAU cater to fewer than 150 students, maintaining low ratios, such as MBUST's 2:1, which indicates a highly specialized focus. Overall, traditional universities with large enrollments tend to have higher ratios, while specialized academies, particularly in the medical field, prioritize low ratios for enhanced student engagement and learning outcomes.

## Number of Campuses in the Given Ranges

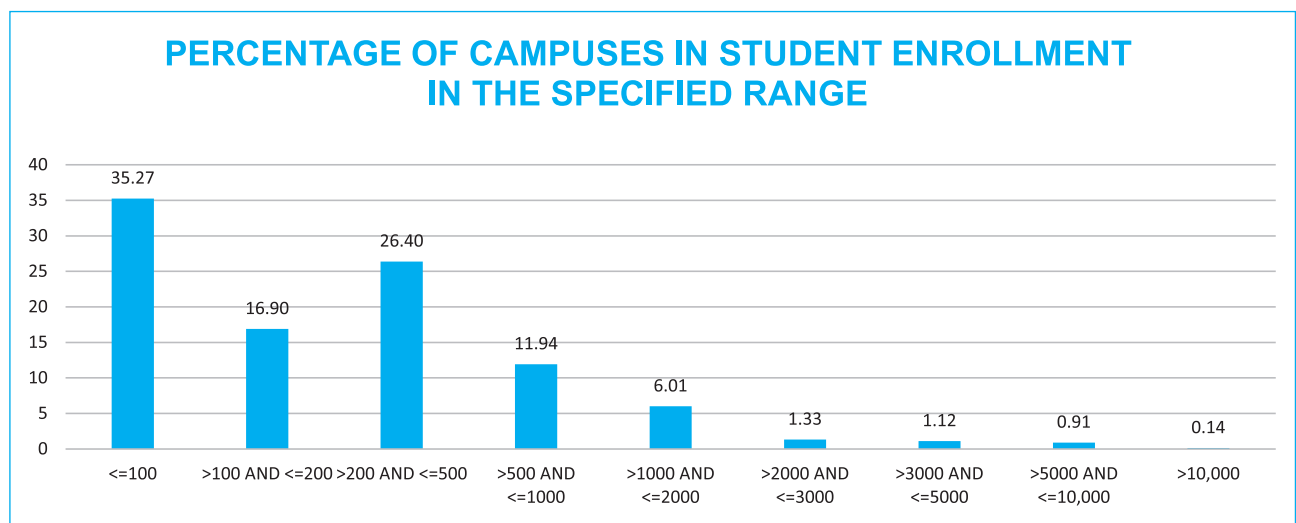

In this section, number of campuses having students in specified range is shown.

**Table 11.1** Number of campuses student enrollment in the specified range by types

The table 11.1 shows the distribution of campuses by student enrollment ranges and types. Most campuses (35.27%) have 100 or fewer students, with Private campuses dominating this category, followed by Community and Constituent campuses. Overall, the data reveals that out of a total of campuses, the majority (505 campuses) have enrollments of 100 or fewer students, indicating a high prevalence of small institutions, particularly among community and private campuses. Constituent campuses, on the other hand, exhibit greater diversity in size, with a few significantly larger institutions, including the only campuses with enrollments exceeding 10,000.

As enrollment size increases, the number of campuses decreases significantly. Mid-sized campuses (201–500 students) account for 26.40%, while only a few campuses (0.14%) have enrollments exceeding 10,000, all of which are Constituent. Smaller campuses dominate overall, with Private and Community campuses concentrated in lower ranges, while larger enrollments are mostly found in Constituent campuses.

The above table outlines public financing allocated to Nepal's universities and boards from the fiscal year 2017/18 to 2023/24. Over this period, total funding steadily increased from NPR 9,300 million in 2017/18 to NPR 17,457 million in 2023/24, reflecting a growing investment in higher education infrastructure and institutions. Tribhuvan University consistently received the highest funding, climbing from NPR 6,730 million to NPR 12,265 million, underscoring its significance in the nation's educational landscape. Other major recipients included Agriculture and Forestry University, Far Western University, and Mid-West University, which saw significant funding increments, especially in the latter years.

Emerging institutions, such as Madan Bhandari University of Science and Technology and Rajarshi Janak University, experienced notable funding growth during this timeframe, while newer projects like the Medical College Infrastructure Development Committees at various locations, including Geta, Kailali, and Bardibas, also secured funds for development. However, some universities, like Bidhushi Yogmaya Ayurved University and Lumbini Bouddha University, either received limited or stagnant funding during this period.

This trend reflects Nepal's effort to expand and modernize its higher education system, accommodating both traditional universities and infrastructure projects aimed at addressing regional disparities in educational access.

## Foreign University Affiliated Campuses

Nepal is an academic hub of National and foreign Universities providing affiliations to various Colleges to run Undergraduate and Graduate programs of various faculties. In Nepal there are some reputed College with incredible achievements offering popular courses affiliated to Foreign Universities such as Leeds Beckett University, Lincoln University, Nilai University, London Metropolitan University, Queen Margaret University, EHL Switzerland, Westcliff University, and Salzburg University of various continents such as America, Europe, and Australia etc.

The number of Nepalese students who want to earn foreign degrees is increasing steadily. Many local colleges are now offering foreign university-affiliated programs to cater to their needs. Nepalese students can get a similar high-quality education as abroad at the comfort of their homeland. This approach is both affordable and qualitative.

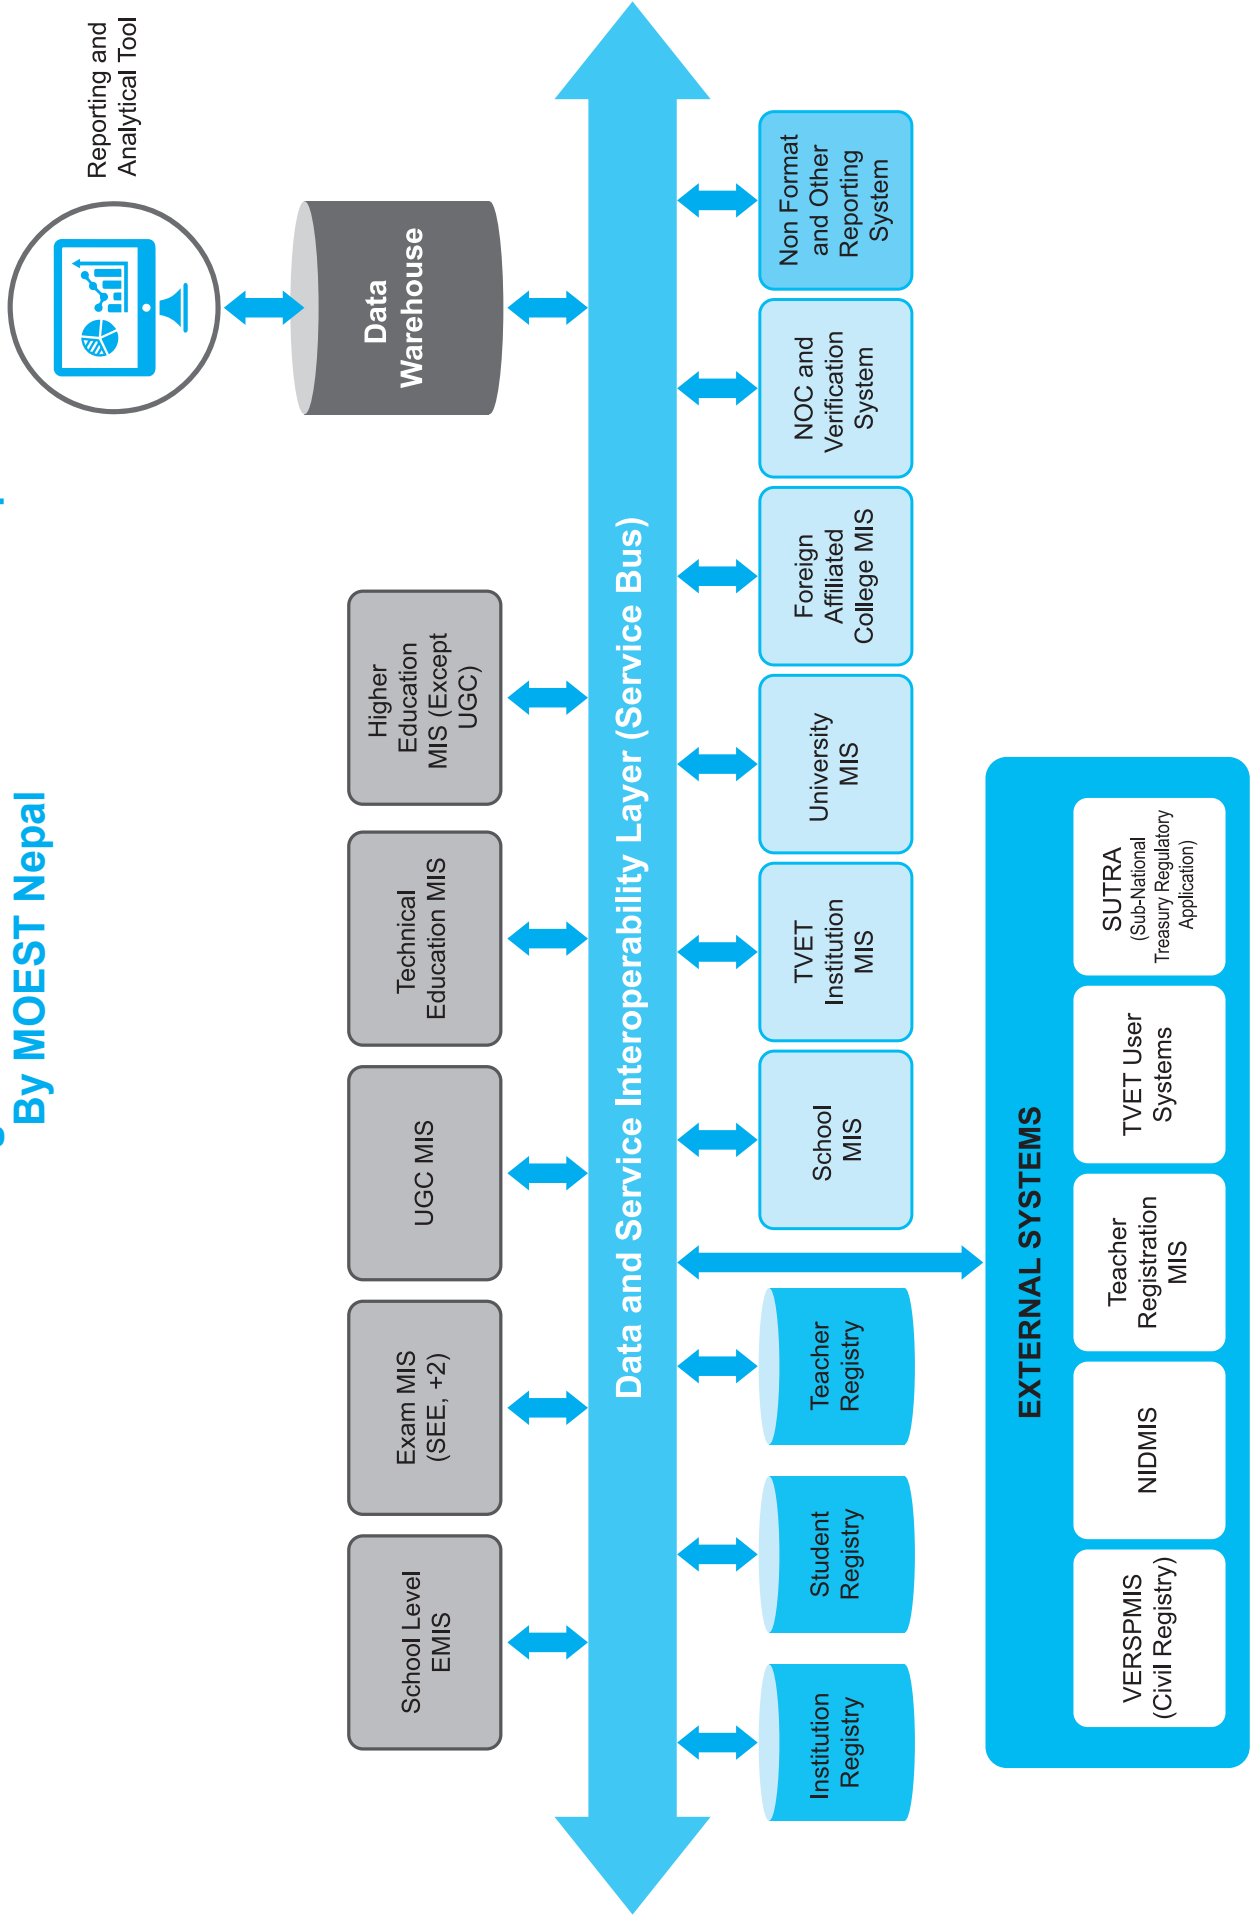

As of MOEST Survey 2081, there are 59 higher education colleges affiliating to foreign universities operating in Nepal with about 28,073 students. Foreign university-affiliated colleges are not limited to Kathmandu; they are located in various parts of the country. The courses offered by these colleges are also diverse. From Culinary Arts to Information Technology, from Civil and Infrastructure Engineering to Fashion Technology, the types of degrees they offer are exhaustive.

The updated list of foreign university-affiliated colleges in Nepal along with the courses that they offer based on information published by the Government of Nepal, Ministry of Education, Science, and Technology for the year 2080. *(For Detail list see in Annex 7)*

Note: Due to Individual Campuswise student data unavailability the detail no. of campuses and Total Enrolled Students are as follows:

### Brief Description of Higher Education System of Nepal

Education imparted after the higher secondary level or the 12th standard is considered as Higher education in Nepal. At present, there are sixteen universities—TU, NSU, KU, PU, PoKU, LBU, FWU, MU, AFU, NOU, RJU, GU, MTU,LTU, MAU, MBUST and one parliament passed university bill YAU, which has not yet started higher education. Similarly seven autonomous academic institutions—NAMS, BPKIHS, PAHS, KAHS, PokAHS, RAHS and MBAHS that offer higher education in Nepal. The universities have two types of campuses: constituent campuses – campuses directly managed and administered including financial management by the concerned university; and affiliated campuses – campuses whose academic programs are affiliated to a university, but managed and administered including financing either by private individual/organization (private campuses) or by local community stakeholders (community campuses). The academic activities of both types of campuses are governed by the rules and regulations of the concerned university. There are altogether, 1432 campuses in 2023/24 (164 constituent, 545 community, and 723 private) with 633,053 students enrolled in different academic programs in higher education.

The campuses follow the courses designed by the affiliating universities and examinations are conducted and processed by Office of Controller of Examination (OCE) of the respective universities<sup>1</sup>. The academic calendar for student enrollment, schedule of exam, publication of results, courses offered and class hours may vary from university to university. The institutions of higher education are at present providing courses on science and technology, education, management, social sciences and humanities, law, engineering, forestry, medicine, agriculture and animal sciences, Ayurveda and Sanskrit. They run their academic programs with annual or semester systems at the bachelor, master, M. Phil, and PhD. levels, but some universities also offer programs like post-graduate diploma (PGD). Depending upon the stream and subject, bachelor level programs are of three to five years duration, master level programs of two years duration and PGD and M. Phil courses generally of 1½ year duration.

### A Brief Description of Universities and Academies 1. Tribhuvan University (TU)

Tribhuvan University was established in 2016 BS (1959 AD). The central office of TU is situated near Kirtipur, an ancient town in the southern part of Kathmandu valley. TU is the first and largest university of Nepal. The objectives of TU are to produce skilled human resources essential for overall development of the country and to preserve and develop the historical and cultural heritage of the nation.

It comprises of five institutes, four faculties, and four research centers. The institutes are technical in nature and offer several specialized technical courses on: science and technology, engineering, forestry, agriculture and animal sciences and medicine, whereas the faculties offer courses generally in: management, humanities and social sciences, education, law, bachelor, master, M. Phil, and PhD. levels. Though there are twelve universities and five medical academies in the country, TU holds more than 78 percent of the total higher education enrollment and offers more than 173 academic programs at various levels.

The technical institutes, faculties and research centers under TU are:

#### Technical Institutes

- a. Institute of Agriculture and Animal Sciences (IAAS)
- b. Institute of Medicine (IoM)
- c. Institute of Engineering (IoE)
- d. Institute of Forestry (IoF)
- e. Institute of Science and Technology (IoST)

#### Faculties

- a. Faculty of Humanities and Social Sciences
- b. Faculty of Management
- c. Faculty of Law
- d. Faculty of Education

#### Research Centers

- a. Centre for Economic Development and Administration (CEDA)
- b. Research Centre for Educational Innovation and Development (CERID)
- c. Centre for Nepal and Asian Studies (CNAS)
- d. Research Centre for Applied Science and Technology (RECAST)

## ANNEX 6

### Definition of key Terminologies/Indicators

**Gender parity index (GPI):** Ratio of the female Gross Enrollment to male Gross Enrollment. GPI value of 1 indicates parity between genders; a GPI less than 1 indicates a disparity in favor of boys; whereas a GPI greater than 1 indicates a disparity in favor of girls.

$$GPI = \text{Female Gross enrollment} / \text{Male Gross enrollment}$$

**Gross enrollment ratio (GER):** Number of students enrolled in tertiary education, regardless of age, expressed as a percentage of the population in the theoretical age group for the same level of education, (18-22) following the secondary school age group.

$$GER = \text{Total Enrollment (Bachelor +master level)} / \text{Population (aged 18 to 22)} * 100$$

**Student/teacher ratio (STR):** Average number of students per teacher at the level of education specified in a given academic year.

$$STR = \text{Number of students} / \text{Number of teachers}$$

**Universities:** Institutes providing bachelor or higher-level education, provide affiliation to campuses, make programs, courses, syllabuses, conduct examination, publish result.

**Constituent campuses:** managed directly by concerned university and are the part and parcel of universities, runs the programs developed by the university.

**Affiliated campuses:** Educational institutions are defined as entities that provide instructional or education-related services to individuals and other education institutions. It is controlled and managed by non-governmental organization and its academic programs are affiliated to a university; the affiliated campuses are further classified in the category of **private campuses**: - campuses that are controlled and managed by private organization under the rules and regulation of the concerned university. These types of campuses are privately funded for profit. **Community campuses:** campuses that are controlled and managed by community stakeholder under the rules and regulation of the concerned university.

**Public expenditure on education:** Total current and capital expenditure on education by local, provincial and national governments, including municipalities. It covers public expenditure for both public and private institutions. Current expenditure includes expenditure for goods and services that are consumed within a given year and have to be renewed the following year, such as staff salaries and benefits; contracted or purchased services; other resources, including books and teaching materials; welfare services; and items such as furniture and equipment, minor repairs, fuel, telecommunications, travel, insurance and rent. Capital expenditure includes expenditure for construction, renovation and major repairs of buildings, and the purchase of heavy equipment or vehicles.

**General education:** Education which is mainly designed to lead participants to a deeper understanding of a subject or group of subjects, especially, but not necessarily, with a view to preparing participants for further (additional) education at the same or a higher level. Successful completion of these programs may or may not provide the participants with a labor market relevant qualification at this level.

**Technical education:** Education which is mainly designed to lead participants to acquire the practical skills, know-how and understanding necessary for employment in a particular occupation or trade or class of occupations or trades. Successful completion of such programs leads to a labor-market relevant vocational qualification recognized by the competent authorities in the country in which it is obtained.

**Enrollment:** Number of students enrolled at a given level of education, regardless of age.

**Entrance age (official):** Age at which students would enter a given program or level of education, assuming they had started at the official entrance age for the lowest level, studied full time throughout and progressed through the system without repeating or skipping a grade. The theoretical entrance age to a given program or level may be very different from the actual or even the most common entrance age.

**Equity:** In education, the extent to which access and opportunities adults are just and fair. This implies reduction of disparities based on gender, poverty, residence, ethnicity, language and other characteristics.

**Graduate:** A graduate student is someone who has earned a bachelor's degree and is pursuing additional education in a specific field. In some countries completion occurs as a result of passing an examination or a series of examinations. In others it occurs after a requisite number of course hours have been accumulated. Sometimes both types of completion occur within a country.

**Private enrollment:** Number of students enrolled in institutions that are not operated by public authorities but controlled and managed, whether for profit or not, by private bodies such as non-government organizations, religious bodies, special interest groups, foundations or business enterprises.

**Community enrollment:** Number of students enrolled in institutions that are controlled and managed by public authorities or agencies (national/federal, state/provincial or local), whatever the origins of their financial resources.

**Teachers/teaching staff:** Number of person employed full time or part time in an official capacity to guide and direct the learning experience of pupils and students, irrespective of their qualifications or the delivery mechanism, i.e. face-to face and/or at a distance.

**Campus size:** Total number of students enrolled in a campus.

## ANNEX 7

### Introduction of University Grants Commission (UGC)

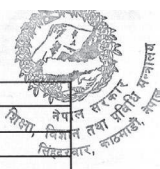

#### University Grants Commission

The University Grants Commission (UGC) was established after the implementation of the multi-university concept in Nepal. The UGC Act was approved by the Parliament on November 22, 1993, which started functioning from 1994. UGC is responsible for allocation and disbursement of grants to the universities and their campuses, regulating their activities for quality assurance, coordinating universities for mutual cooperation, and formulating policies and programs on the establishment of new universities.

#### Main Functions of UGC

- Formulate policies on allocation of government grants to universities and higher education institutions.
- Disburse grants to universities and make recommendations to the government for the grant provisions.
- Award research grants, scholarships, and fellowships.
- Take measures necessary to determine and maintain the criteria and standards of higher education.
- Formulate programs and policies necessary for the promotion and enhancement of the quality of higher education.
- Advise the Government of Nepal on the establishment of new universities.
- Make necessary arrangements for the exchange of facilities and fellowships between universities and educational institutions within and outside Nepal.
