

8 September 2026

**Request for support for victims of the Nepal flash floods**

Following the devastating flash floods in Nepal's Bhotekoshi River on 26 August 2026 that caused significant loss of lives and extensive damage to physical infrastructure, financial support continues to be received from friendly nations, international organizations, Nepali citizens, Non-Resident Nepalis (NRNs), foreign citizens, and well-wishers for rescue, relief, rehabilitation, and reconstruction efforts.

To further facilitate support from abroad, arrangements have also been made for donations to be deposited into the bank accounts of Nepali missions abroad and subsequently transferred to Nepal.

Accordingly, interested individuals and well-wishers who wish to make voluntary financial contributions in this time of need can do so by contributing to the following bank account of the Embassy of Nepal, Manama.

We remain grateful to all for the kind words of sympathy and solidarity, and for their valuable support and contributions.
