Regarding Clarification

1. Specific Experience Requirement (Clause 2.4.2)

The bidding document specifies that the bidder must have experience as a *prime supplier in at least two (2) contracts within the last three (3) years.*

a) Number of Contracts

Requiring experience in two (2) separate contracts may be restrictive, as successful completion of one similar contract of comparable nature, scope, and complexity can demonstrate a bidder's technical and managerial capability.

OK, Hospital is ready to ammend the specific experience requirement clause of 2 contracts and change it to 1 contract.

b) Experience Timeframe Limiting experience to the last three (3) years may exclude capable firms with relevant experience over a longer period. We kindly request consideration of a broader and more inclusive criterion (up to 10 years) to promote fair competition.

The Specific Experience is required to be within 3 years, which seems a valid time frame rather than such long time frame like 10 years. So, no changes.
